CANYON, TEXAS, THURSDAY, MAY 15, 1930.

NUMBER 8

HIGH SCHOOL COMMENCEMENT TO BE TONIGHT

SIXTY-ONE SENIORS WILL RECEIVE DIPLOMAS.

Baccalaureate Services Held At High School Auditorium Sunday Morning.

Graduation exercises tomorrow evening at the High School Auditorium will mark the closing of the Commencement activities of the Senior Class of the Canyon High School.

Sixty-two seniors will receive diplomas following an address by Dr. J. A. Hill, president of the West Texas State Teachers College. This is the first time that the president of the college has delivered the Commencement address at the local high school.

Bishop E. C. Seaman of Amarillo delivered the Baccalaureate sermon at the High School Auditorium Sunday morning at 11 o'clock. He used as the scriptural lesson, passages found in John 16.

He built his address around the three great connecting institutions, the Family, the Church, and the School. He declared that the moral of graduation shows achievement for the individual. It is an indication that something has been accomplished.

As a final warning and admonition to the graduates, Rev. Seaman urged that they be ever diligent toward the fighting of organized evil forces which were endeavoring to tear down the family, the church and the schools. He pointed out a number of the demoralizing forces now spreading over the land in organized bodies, with definite plans to be accomplished.

Rev. C. G. Howard, pronounced the invocation and Rev. E. C. Jameson said the benediction. The auditorium was filled to capacity long before the services began. To the strains of the processional the 62 members of the senior class marched down the aisles to their reserved places in the center section of the auditorium.

Tonight the activities of Commencement week will be devoted to Class night for the seniors.

Last night the Seventh Grade graduation exercises were held at the high school auditorium.

Capt. Price in U. S. Army Corps

Captain Hubert O. Price, former commander of Company F 142nd Infantry, Texas National Guard, has been assigned to the 358th Regiment 90th Division, U. S. Army, O. R. C.

Captain Price served in all grades of the National Guard from a private to captain. He is a graduate of the Infantry School, U. S. Army, Ft. Benning, Georgia.

New City Well May Be Complete At Early Date

After a short delay early this week caused by a bit being hung in the hole, work on the new city water well is going forward at a fairly rapid rate.

Wednesday afternoon the crew of the Western Waterworks company, contractors for the drilling of the well, were drilling near the 200-foot level. The first hundred feet of casing has been set. This is 15-inch casing.

Drilling operations have been under way only about a week, and should no further delays be encountered in the next few days, the well should be completed some time next week.

Water mains to the new location from the water tower and the reservoir are being laid at this time.

CANDIDATE FOR CONGRESS VISITS HERE SATURDAY

James O. Cade of Amarillo, candidate for congress, visited in the city Saturday. He states that he will return to make a speech within the coming two months. He is highly pleased with the progress of his campaign.

DEAN R. P. JARRETT MAKES TRIP WITH AMARILLO MEN

Dean R. P. Jarrett left Tuesday morning with the Amarillo trip boosters for the trip to the New Mexico valley. The special train will return Friday.

Dr. Jarrett is representing the college on the trip. Amarillo has always invited a representative from the college to make the trade trips.

Mrs. J. P. Whittington of Amarillo visited in the parental N. E. McIntire home here Sunday.

Canyon Seniors Draw Big Crowd For Class Play

"Seven Chances," senior class play of the Canyon high school, drew a crowd that filled the high school auditorium to capacity last Friday evening.

The play was a 3-act comedy, centered around a young gentleman who fell heir to a fortune of his grandfather, provided he was married by the time he reached the age of 25. With only a few hours left for him to acquire a wife, many perplexing situations arose, and which threatened to thwart his attempts at matrimony. These, with the spicy humor of the play, gave the large audience a full evening of entertainment.

A chorus of eight entertained between acts.

Characters of the play were:

Earl Goddard	John R. Poole
Joe Spence	Raymond Schmitz
Ralph Denby	Joe Jennings
Henry Garrison	Eric Allison
George	Robert Moore
Billy Meekin	Woodrow Hazlewood
Jimmie Shannon	Ralph Cabe
Mrs. Garrison	Dorothy Faye Rusk
Anne Windsor	Clarice Matthews
Irene Trevor	Margaret Gamble
Georgianna Garrison	Dorothy Cash
Lily Trevor	Laurene Alvord
Peggy Wood	Gwendolyn Black
Florence Jones	Virginia Jarrett
Betty Willoughby	O'Neal Porter

Rotarian Ideals Are Discussed By Flanigan Smith Tuesday

Flanigan Smith addressed the Rotary club Tuesday at the regular weekly luncheon in discussing the kinds of men who join the Rotary club, and the attitude assumed by Rotarians.

Three classes were made of club members: Those who looked upon the Rotary club as a once-a-week glee club; those who know what the club stands for, but do not put it into practice; and the last classification, few in number, are those who realize the importance of the club and put into practice the ideals of the club.

To gain the greatest advantages of Rotary, Mr. Smith described the attitude which should be assumed by the member to his employees; to his customers; and to his competitor. The Rotarian who has a friendly interest in the welfare of his employees derives a great benefit in so far as his employees take greater interest in their work, assuming a co-operative spirit toward the firm, and therefore are able to do better work, or sell more goods. "The customer is always right" is sometimes a wrong attitude. The firm which allows the customer to buy something which he does not need sometimes creates dissatisfaction. The firm which tries to sell the customer only the things which he needs, may not at first please the customer, but will gain a worthwhile reputation as having an interest in the customer's welfare.

Rather than make an enemy of his competitor, the Rotarian should seek friendly co-operation. Knocking a competitor gains no business.

Among the guests present were L. N. George of Canyon; A. C. Myer, Ross Hatcher, R. A. Ford, Harvey Latson, Gaines Whitsett, John H. Vaughn, D. B. Smith, R. A. Duncan, and Harry Lauder, all of Amarillo.

L. N. George asked the Rotarians to assist in making the Chamber of Commerce luncheon next Monday a great success.

Travis Shaw reported the Court of Honor installation of the Boy Scouts would be held tonight at the education building.

Canyon Scouts to Go to Amarillo

Canyon Boy Scouts will go to Amarillo Friday night to officially receive the honors they received at the Scout Camporee that was held there several weeks ago. Moving pictures of the meet will also be shown Friday night.

Everyone connected with scouting is urged to attend the meeting. Especially are the scouts, their parents, troop committeemen, members of the court of honor and the merit badge examiners urged to attend. All who care to go are asked to meet at the Education building of the college at 6:30 p. m. Friday, according to local troop reporter.

WIND CUTS WHEAT

C. C. Lollar of Happy was here Monday. He believes that he will make 10 bushels of wheat to the acre if it does not rain, provided the wind does not continue. The winds of Thursday and Saturday cut the wheat very badly, states Mr. Lollar. The yield has been cut at least half in many places, he believes.

Wheat Benefitted by Some Moisture

Moisture ranging from mere showers to good downfalls of rain have fallen over the county during the past week. In Canyon the moisture has amounted to half an inch. Various sections of the county have received a greater amount of moisture.

Thursday and Saturday, with high winds due to storms in other sections of the country, hurt the wheat very much. It is predicted that some of the wheat has been cut fully fifty percent. Other sections state that the wheat yield will be on a par with that of last year.

Bufs Are Tennis Champions By Win Sunday at Denton

Another 1930 athletic crown rested on West Texas Sunday when Landers and Eubanks waded through the T. I. A. A. meet at Denton in grand style to sweep away the titles in tennis, both singles and doubles. Landers and Eubanks trimmed the McMurray team in the doubles finals Sunday morning at 10 o'clock by winning 6-3, 6-4, 6-2.

Landers, who has won over every opponent this year, downed Lathan of San Marcos Teachers college, 6-3, 6-2, 6-3, to take the singles championship of the conference, at 4 p. m. Sunday.

Harterick and O'Keefe, who composed the second team, won third place in the tournament of the T. I. A. A. meet. The W. T. tennis teams have taken second place in the conference several times before, but this is the first time to annex the title of champions. Landers, Eubanks and Harterick are seniors.

W. E. Lockhart, coach of the tennis team, has coached tennis at the college for the past seven years and is considered one of the outstanding coaches in the conference.

In commenting on winning the championship, Coach Lockhart said: "The scores of the finals are deceiving. The games were much closer than the scores indicate, and the local boys were in tight places several times."

The championship games were postponed to Sunday because of rains at Denton Saturday.

Football Blankets Given to Eleven Men By the Senior Class

Football blankets were presented 11 ex-Buffalo letter men Tuesday at the chapel period by the members of the senior class. The seniors recently sponsored the movement to buy the blankets and present them to the members of the senior class and four-year men who have completed their football career with the Buffalo squad.

Blankets were presented to the following: Seniors, Milt Sanders, Pat Gerald, Gordon Thompson, Sloan Miller, Clifford Henry, Cleve Jones, Clifford Keith, and Boyce Bandy. Four-year men: Elvis Ward, Tige Elkins, and R. F. Newman.

School Bonds Win in District No. 10

The issue for \$6,000 worth of bonds in school district No. 10, which resulted in a tie at the election held in April was carried last week when the election was again held.

The bonds carried by 35 to 28. The bonds will be used to erect a new school building in district No. 10, combining the two schools of Fairview and Plains Center.

The location for the new building will be decided upon by a majority of the trustees in the district.

STATE REPRESENTATIVE TALKS HERE

State Representative A. B. Tarwater of Plainview visited Monday in the city for a short time with Clyde W. Warwick. Mr. Tarwater has served one term in the house, and is a candidate for re-election. He is the author of the gasoline tax refund for the benefit of the farmers, which has returned thousands of dollars to West Texas farmers.

A. A. A. MEETING

Directors of the American Automobile association met in Amarillo Friday noon for a luncheon. Clyde W. Warwick of Canyon represented Randall county, and responded to the address of welcome.

An educational campaign is being planned by the directors for the benefit of the association.

WORKING FOR SMALL

J. A. Price states that he is strong for Clint Small for governor. He has known Clint Small since he was a boy, and knows him to be a good, capable man, and one who would make a fine governor.

PLANS FOR THE MONTHLY TRADE DAY ARE MADE

DAY PROMISES TO BE BEST EVER HELD HERE.

Program Will be Carried Into the Night By Political Rally and Music Concerts.

Preparations are already under way for what promises to be the most interesting Trades Day for Monday, May 26, that has been held in many moons.

The committee composed of J. M. Lybrand, Jr., Oscar Gamble and W. A. Pierce, met yesterday afternoon and began to work out preliminary plans for the day, the program of which will be carried into the night.

Following a plan which proved very successful several months ago, the various merchants over the city will donate prizes of merchandise for the best display of farm products brought in on that day, the full plans for which will be announced later.

A special committee of ladies has been appointed and they will furnish similar entertainment for the out of town ladies who will come to Canyon on Trades Day.

The regular features of exceptional bargains may be expected from the various business houses of Canyon. The combined bargains alone will be well worth a special trip to Canyon for the day.

The program as outlined tentatively by the members of the committee in session yesterday will conclude late Monday evening with a political rally.

Candidates for offices both district and county, will be invited to be present and make short talks for themselves. Besides the political rally the Buffalo Band will give a concert and an Old Fiddlers contest will be held.

Make your plans now to come to the Monthly Trades Day of the Canyon Chamber of Commerce, on Monday, May 26. Take the day off and come to Canyon where your time will be made both profitable and worth while. The Trades Day is growing in interest and increasing crowds each month. The next one promises to be the best ever held in Canyon. Don't fail to make your plans for that day.

Four Annuals are Printed by News

The printing department of the News has delivered three high school annuals to neighboring towns, and has one more which is being printed for delivery next week. The Rocket of the Wellington high school and The Beargrass of the Canadian high school were shipped yesterday; the White Deer of the White Deer High School will be shipped today. The Muleteer of the Happy high school is on the press and will be ready for delivery the first of next week.

Chief Hicks Says He Will Enforce Air Gun Ordinance

From a number of courses it is reported that boys have been killing birds with air guns, nigger shooters, sling shots, and arrows.

Chief of Police Frank Hicks states that it is a violation of the city law for a boy to use any of these inside the city limits.

It is also against the state law to shoot mocking birds, as they are the official state bird of Texas. It is very noticeable that the mocking bird family has greatly increased around here, as well as in other parts of Texas, since the law was passed.

Chief Hicks says he believes only a fair warning is needed to stop the use of such weapons as the air gun and nigger shooters. He has stated that if he catches anyone using them inside the city limits he will be forced to arrest them according to the law.

GAMBLE NOT SURPRISED BY CENSUS RETURNS

J. D. Gamble states that he is not surprised by the census returns for Canyon. He had revised his figures during the past month, when returns had come in for other towns, and would have been satisfied with a showing of 2,700 people, but the results showed 2,821. Mr. Gamble calls attention to the fact that in reality there are nearly 5,000 people in Canyon. There are more than a thousand students who were not counted; and 1,000 in precinct No. 1, all outside the city limits.

REAL ESTATE TRANSFERS

S. B. McClure reports the sale of the W. S. Myers home to Mrs. F. L. Martin.

Amarillo Trade Trippers Arrive Here on Schedule

Headed by the 40-piece high school band of Amarillo the Amarillo Trade Trippers, 137 strong, arrived in Canyon on schedule time Tuesday morning.

Despite the threatening clouds and a light falling mist, members of the Good Will excursion marched from the Santa Fe station to the business section. The band gave a concert at the court house square.

The trippers wore orange colored hats and badges. The badges bore the word of greeting, "Howdy." During the stay in Canyon the Amarilloans visited among the business men of Canyon, renewing acquaintances and making new ones. Many souvenirs were distributed.

R. P. Jarrett, dean of the West Texas Teachers college, joined the group of boosters when they arrived here and continued with them in the interest of the college.

The trip will carry the Good Will evangelists as far as Carlsbad, N. M., where they will visit the Carlsbad cavern today and begin the return trip tonight, arriving in Amarillo early tomorrow morning.

Museum Fund Gets Increase By Donations

The fund for the erection of a museum for the Panhandle Plains Historical society experienced a growth of \$1,100 last Saturday, according to J. A. Hill, one of the committeemen in charge of the building fund.

With the addition of this amount, the fund now stands at over \$18,000 of the \$50,000 necessary to complete the building according to the plans adopted at the annual meeting of the society held here in April. One thousand dollars of the amount received by the committee Saturday came from one person. They have requested that the name of the donor be withheld at this time.

Work is expected to start on the building which will house the relics of the Panhandle-Plains country which are now the possessions of the Panhandle Plains Historical society, by early fall.

Plans for the new building were drawn free of charge by Rittenberry and Card of Amarillo.

After June 1, L. F. Sheffy will devote his full time in the field in the interests of the building fund for the museum.

Mayhew Presents College With a Group of Pictures

A. B. Mayhew of Uvalde, president of the board of regents of the Texas Teachers colleges, has just made a gift of 40 pictures to the West Texas Teachers college. The pictures are prints from originals by J. L. G. Ferris, an American artist, whose "Pageant of a Nation" series, 70 in number, hang in Congress hall, Philadelphia.

The prints presented by Mr. Mayhew to the Canyon college include scenes from "The Eve of Discovery," showing the arrival of the ships of Columbus, and on to the end of the Civil war.

President J. A. Hill, commenting upon the gift, said: "These pictures will make American history live for the grade and high school students of our demonstration school." It is likely that the pictures will be arranged in frieze effect in the children's library, where they will be seen by hundreds of visitors and will be constantly referred to by the children themselves.

Mr. Mayhew has shown his interest in Texas education in many ways and this gift typifies his appreciation of the problems of the teacher of American citizenship and history.

Canyon Will Play at Umberger Sunday

A baseball game between a team composed of Canyon players and the Umberger team will play at Umberger Sunday afternoon, according to an announcement made by Carl Laughery, manager of the local team.

A large crowd of Canyon people are urged to attend the game and root for the local team. The Canyon team is altogether a different team to the one known as the Canyon "Alley Rats."

DAVID THOMAS IMPROVED

Report from David Thomas this morning indicates that he passed a good night, and is improving this morning. He has been seriously ill for the past six weeks, and unconscious a greater part of the time during the past few days.

7073 GIVEN AS POPULATION OF RANDALL COUNTY AS COMPLETE CENSUS RETURNS ARE COMPILED

Increase of 95 Per Cent Shown in Randall County During the Past Decade is Shown By the Enumerators Reported This Morning to the Census Director.

C. of C. Dinner is Set For Monday Evening, May 19

A Chamber of Commerce dinner will be held in the basement of the Methodist Church Monday evening, May 19, at 8 o'clock. It will be a get together of the business men of Canyon and their invited guests.

No regular speakers for the program, "Open Season" will be declared on any who attempt to make long speeches, according to L. N. George, secretary of the Chamber of Commerce, who is in charge of the arrangements of the dinner.

A number of subjects of interest to the entire membership of the Chamber of Commerce will be discussed briefly.

L. N. George will be toastmaster at the dinner.

Tickets may be secured by calling Wes Kleinschmidt, L. N. George or Fred E. Wortham. It is urged that all who want tickets make the reservations by noon Monday.

Big Crowd Hears First Band Concert

The first open concert of the Buffalo Band this season was given Monday evening on the court house square under the direction of C. E. Strain, band director.

An exceedingly large crowd was in attendance. The program, lasting about one hour, was well received by the audience.

Spann is Named Head Coach for Coleman, Tex. Hi

J. E. Spann, who has piloted the Canyon high Eagles during the past three years with outstanding success, will assume similar duties at Coleman, Texas, when school opens in September.

Edgar Brady, now coach at Anadarko, Okla., high school, has been named to succeed Spann. It is understood that he will accept. Brady is a graduate of the Southwest Oklahoma State Teachers college of Weatherford, Okla. During his three years of coaching at Anadarko he has won two district championships, and one year both football and basketball teams were all conference championship winners.

"We are indeed fortunate to secure such a man as Coach Brady," Superintendent Irby Carruth stated in commenting on the new coach. "He is a recognized coach of outstanding ability and with the promising prospects for material, another year he should develop good teams for the Canyon high school."

Commencement to Begin at College Saturday, May 24

The Commencement activities of the college will begin with the High School Graduating Exercises Saturday evening, May 24, and conclude with an Alumni Banquet, Wednesday evening, May 28, according to the program of the College Commencement which was given out this week.

The full calendar for the week follows:

May 24, Saturday evening, 8:00 o'clock, High School Graduating Exercises.

May 25, Sunday morning, 11:00 o'clock, Baccalaureate sermon by Dr. R. C. Campbell, pastor of First Baptist Church, Lubbock.

May 26, Monday evening, 8:15 o'clock, Commencement Concert.

May 27, Tuesday—Senior Class Day, 10:00 o'clock, Class Day Exercises; 7:00 o'clock, Out-door Band Concert; 8:30 o'clock, President's reception to the senior class.

May 28, Wednesday, Commencement Day, 10:00 o'clock, Graduating Exercises, address by Dr. A. W. Birdwell, president Stephen F. Austin Teachers College, Nacogdoches. 6:00 o'clock, Alumni Banquet.

ATTORNEY SEEKS LOCATION

W. I. Gamewell of Dallas was here Monday looking for a location to practice law. He states that he is highly impressed with Canyon. He lived formerly at Dalhart and at Stratford, and likes the Plains country much better than Dallas.

Randall county has a total population of 7073, according to the complete report made this morning at 10:00 o'clock in the office of the district supervisor of the federal census at Amarillo. This is an increase of 95 per cent over the census of 1910.

The report of the city of Canyon was made last week, showing a total of 2821, or an increase of 74.5 per cent during the past decade.

The following is the report of Randall by precincts:

No. 1—2781, including the city of Canyon with 2821.
No. 2—642.
No. 3—748.
No. 4—1902, including 1119 in the sub-division of Amarillo.

Randall county had a total population of 3675 in 1910 and 3312 in 1900. The total increase for the past ten years has been 3398. Of this number the increase of 1203 was shown in Canyon, and 1119 given in the new sub-division which has been established for Amarillo in Randall county during the past four years. This indicates that there has been an increase of 1076 on the farms of the county during the past decade.

A total of 846 farms is shown by the census.

Turner Gets a Record Turtle Catch at Lake

State Game Warden Sam Turner set what is believed to be a world's record on a catch of turtles last week when he caught 1,673 turtles from the Palo Duro club lake. They ranged in weight from half a pound to 35 pounds. They were carried to Amarillo and placed on exhibit at the Tri-State Fair grounds.

Mr. Turner used two nets to catch the turtles. It is his opinion that this is the largest collection of turtles ever assembled in the United States outside of a turtle farm.

When the turtles were removed from the lake last week several feet of film for the Pathe News service were obtained by T. M. Caldwell of Amarillo.

Officials of the club said last night that the work had been worth thousands of dollars. The lake was so infested with the turtles that the fish supply is said to be short this season.

By catching the turtles this early in the season, the work will be more effective, Turner said, since the turtles have not yet laid their eggs. He believes that his plan would rid lakes throughout the country of the pests, which are considered the greatest nuisance to stocking the lakes with fish.

Mrs. Green Was Speaker at Pampa

Mrs. Geraldine Green was principal speaker Saturday at the annual banquet which the American Association of University Women at Pampa give each year in honor of the girls who are seniors of the Pampa high school.

Mrs. Green took as her subject "Planning for the Future." She discussed the fields of work which are open to women, and outlined many of the ways by which the girl of limited means can work her way through college.

Senior Athletes Presented With Buffalo Blankets

Nine athletes who are members of the senior class of the college were honored by their class this week, when they were presented blankets. The men who will carry away the maroon blankets are Gordon Thompson, Cleveland Jones, R. E. (Tige) Elkins, Clifford Henry, Pat Gerald, Milton Sanders, Boyce Bandy, Elvis Ward, and Sloan Miller.

Blankets will be sent to Clifford (Red) Keith, who is teaching at Cisco, and to R. F. (Dumb) Newman, who is playing professional baseball this spring.

Newton Crain of Canyon, president of the senior class, presided while the blankets were being presented by Miss Marie Miles of Mineral Wells. Miss Miles has been one of the yell leaders of the college during her four years at Canyon.

Rotarian Ideals Are Discussed By Flanigan Smith Tuesday

Flanigan Smith addressed the Rotary club Tuesday at the regular weekly luncheon in discussing the kinds of men who join the Rotary club, and the attitude assumed by Rotarians.

Three classes were made of club members: Those who looked upon the Rotary club as a once-a-week glee club; those who know what the club stands for, but do not put it into practice; and the last classification, few in number, are those who realize the importance of the club and put into practice the ideals of the club.

To gain the greatest advantages of Rotary, Mr. Smith described the attitude which should be assumed by the member to his employees; to his customers; and to his competitor. The Rotarian who has a friendly interest in the welfare of his employees derives a great benefit in so far as his employees take greater interest in their work, assuming a co-operative spirit toward the firm, and therefore are able to do better work, or sell more goods. "The customer is always right" is sometimes a wrong attitude. The firm which allows the customer to buy something which he does not need sometimes creates dissatisfaction. The firm which tries to sell the customer only the things which he needs, may not at first please the customer, but will gain a worthwhile reputation as having an interest in the customer's welfare.

Rather than make an enemy of his competitor, the Rotarian should seek friendly co-operation. Knocking a competitor gains no business.

Among the guests present were L. N. George of Canyon; A. C. Myer, Ross Hatcher, R. A. Ford, Harvey Latson, Gaines Whitsett, John H. Vaughn, D. B. Smith, R. A. Duncan, and Harry Lauder, all of Amarillo. L. N. George asked the Rotarians to assist in making the Chamber of Commerce luncheon next Monday a great success.

Travis Shaw reported the Court of Honor installation of the Boy Scouts would be held tonight at the education building.

Canyon Scouts to Go to Amarillo

Canyon Boy Scouts will go to Amarillo Friday night to officially receive the honors they received at the Scout Camporee that was held there several weeks ago. Moving pictures of the meet will also be shown Friday night.

Everyone connected with scouting is urged to attend the meeting. Especially are the scouts, their parents, troop committeemen, members of the court of honor and the merit badge examiners urged to attend. All who care to go are asked to meet at the Education building of the college at 6:30 p. m. Friday, according to local troop reporter.

WIND CUTS WHEAT

C. C. Lollar of Happy was here Monday. He believes that he will make 10 bushels of wheat to the acre if it does not rain, provided the wind does not continue. The winds of Thursday and Saturday cut the wheat very badly, states Mr. Lollar. The yield has been cut at least half in many places, he believes.

Wheat Benefitted by Some Moisture

Moisture ranging from mere showers to good downfalls of rain have fallen over the county during the past week. In Canyon the moisture has amounted to half an inch. Various sections of the county have received a greater amount of moisture.

Thursday and Saturday, with high winds due to storms in other sections of the country, hurt the wheat very much. It is predicted that some of the wheat has been cut fully fifty percent. Other sections state that the wheat yield will be on a par with that of last year.

Bufs Are Tennis Champions By Win Sunday at Denton

Another 1930 athletic crown rested on West Texas Sunday when Landers and Eubanks waded through the T. I. A. A. meet at Denton in grand style to sweep away the titles in tennis, both singles and doubles. Landers and Eubanks trimmed the McMurray team in the doubles finals Sunday morning at 10 o'clock by winning 6-3, 6-4, 6-2.

Landers, who has won over every opponent this year, downed Lathan of San Marcos Teachers college, 6-3, 6-2, 6-3, to take the singles championship of the conference, at 4 p. m. Sunday.

Harterick and O'Keefe, who composed the second team, won third place in the tournament of the T. I. A. A. meet. The W. T. tennis teams have taken second place in the conference several times before, but this is the first time to annex the title of champions. Landers, Eubanks and Harterick are seniors.

W. E. Lockhart, coach of the tennis team, has coached tennis at the college for the past seven years and is considered one of the outstanding coaches in the conference.

In commenting on winning the championship, Coach Lockhart said: "The scores of the finals are deceiving. The games were much closer than the scores indicate, and the local boys were in tight places several times."

The championship games were postponed to Sunday because of rains at Denton Saturday.

Football Blankets Given to Eleven Men By the Senior Class

Football blankets were presented 11 ex-Buffalo letter men Tuesday at the chapel period by the members of the senior class. The seniors recently sponsored the movement to buy the blankets and present them to the members of the senior class and four-year men who have completed their football career with the Buffalo squad.

Blankets were presented to the following: Seniors, Milt Sanders, Pat Gerald, Gordon Thompson, Sloan Miller, Clifford Henry, Cleve Jones, Clifford Keith, and Boyce Bandy. Four-year men: Elvis Ward, Tige Elkins, and R. F. Newman.

School Bonds Win in District No. 10

The issue for \$6,000 worth of bonds in school district No. 10, which resulted in a tie at the election held in April was carried last week when the election was again held.

The bonds carried by 35 to 28. The bonds will be used to erect a new school building in district No. 10, combining the two schools of Fairview and Plains Center.

The location for the new building will be decided upon by a majority of the trustees in the district.

STATE REPRESENTATIVE TARWATER HERE

State Representative A. B. Tarwater of Plainview visited Monday in the city for a short time with Clyde W. Warwick. Mr. Tarwater has served one term in the house, and is a candidate for re-election. He is the author of the gasoline tax refund for the benefit of the farmers, which has returned thousands of dollars to West Texas farmers.

A. A. A. MEETING

Directors of the American Automobile association met in Amarillo Friday noon for a luncheon. Clyde W. Warwick of Canyon represented Randall county, and responded to the address of welcome.

An educational campaign is being planned by the directors for the benefit of the association.

WORKING FOR SMALL

J. A. Price states that he is strong for Clint Small for governor. He has known Clint Small since he was a boy, and knows him to be a good, capable man, and one who would make a fine governor.

PLANS FOR THE MONTHLY TRADE DAY ARE MADE

DAY PROMISES TO BE BEST EVER HELD HERE.

Program Will be Carried Into the Night By Political Rally and Music Concerts.

Preparations are already under way for what promises to be the most interesting Trades Day for Monday, May 26, that has been held in many moons.

The committee composed of J. M. Lybrand, Jr., Oscar Gamble and W. A. Pierce, met yesterday afternoon and began to work out preliminary plans for the day, the program of which will be carried into the night.

Following a plan which proved very successful several months ago, the various merchants over the city will donate prizes of merchandise for the best display of farm products brought in on that day, the full plans for which will be announced later.

A special committee of ladies has been appointed and they will furnish similar entertainment for the out of town ladies who will come to Canyon on Trades Day.

The regular features of exceptional bargains may be expected from the various business houses of Canyon. The combined bargains alone will be well worth a special trip to Canyon for the day.

The program as outlined tentatively by the members of the committee in session yesterday will conclude late Monday evening with a political rally.

Candidates for offices both district and county, will be invited to be present and make short talks for themselves. Besides the political rally the Buffalo Band will give a concert and an Old Fiddlers contest will be held.

Make your plans now to come to the Monthly Trades Day of the Canyon Chamber of Commerce, on Monday, May 26. Take the day off and come to Canyon where your time will be made both profitable and worth while. The Trades Day is growing in interest and increasing crowds each month. The next one promises to be the best ever held in Canyon. Don't fail to make your plans for that day.

Four Annuals are Printed by News

The printing department of the News has delivered three high school annuals to neighboring towns, and has one more which is being printed for delivery next week. The Rocket of the Wellington high school and The Beargrass of the Canadian high school were shipped yesterday; the White Deer of the White Deer High School will be shipped today. The Muleteer of the Happy high school is on the press and will be ready for delivery the first of next week.

Chief Hicks Says He Will Enforce Air Gun Ordinance

From a number of courses it is reported that boys have been killing birds with air guns, nigger shooters, sling shots, and arrows.

Chief of Police Frank Hicks states that it is a violation of the city law for a boy to use any of these inside the city limits.

It is also against the state law to shoot mocking birds, as they are the official state bird of Texas. It is very noticeable that the mocking bird family has greatly increased around here, as well as in other parts of Texas, since the law was passed.

Chief Hicks says he believes only a fair warning is needed to stop the use of such weapons as the air gun and nigger shooters. He has stated that if he catches anyone using them inside the city limits he will be forced to arrest them according to the law.

GAMBLE NOT SURPRISED BY CENSUS RETURNS

J. D. Gamble states that he is not surprised by the census returns for Canyon. He had revised his figures during the past month, when returns had come in for other towns, and would have been satisfied with a showing of 2,700 people, but the results showed 2,821. Mr. Gamble calls attention to the fact that in reality there are nearly 5,000 people in Canyon. There are more than a thousand students who were not counted; and 1,000 in precinct No. 1, all outside the city limits.

REAL ESTATE TRANSFERS

S. B. McClure reports the sale of the W. S. Myers home to Mrs. F. L. Martin.

Amarillo Trade Trippers Arrive Here on Schedule

Headed by the 40-piece high school band of Amarillo the Amarillo Trade Trippers, 137 strong, arrived in Canyon on schedule time Tuesday morning.

Despite the threatening clouds and a light falling mist, members of the Good Will excursion marched from the Santa Fe station to the business section. The band gave a concert at the court house square.

The trippers wore orange colored hats and badges. The badges bore the word of greeting, "Howdy." During the stay in Canyon the Amarilloans visited among the business men of Canyon, renewing acquaintances and making new ones. Many souvenirs were distributed.

R. P. Jarrett, dean of the West Texas Teachers college, joined the group of boosters when they arrived here and continued with them in the interest of the college.

The trip will carry the Good Will evangelists as far as Carlsbad, N. M., where they will visit the Carlsbad cavern today and begin the return trip tonight, arriving in Amarillo early tomorrow morning.

Museum Fund Gets Increase By Donations

The fund for the erection of a museum for the Panhandle Plains Historical society experienced a growth of \$1,100 last Saturday, according to J. A. Hill, one of the committeemen in charge of the building fund.

With the addition of this amount, the fund now stands at over \$18,000 of the \$50,000 necessary to complete the building according to the plans adopted at the annual meeting of the society held here in April. One thousand dollars of the amount received by the committee Saturday came from one person. They have requested that the name of the donor be withheld at this time.

Work is expected to start on the building which will house the relics of the Panhandle-Plains country which are now the possessions of the Panhandle Plains Historical society, by early fall.

Plans for the new building were drawn free of charge by Rittenberry and Card of Amarillo.

After June 1, L. F. Sheffy will devote his full time in the field in the interests of the building fund for the museum.

Mayhew Presents College With a Group of Pictures

A. B. Mayhew of Uvalde, president of the board of regents of the Texas Teachers colleges, has just made a gift of 40 pictures to the West Texas Teachers college. The pictures are prints from originals by J. L. G. Ferris, an American artist, whose "Pageant of a Nation" series, 70 in number, hang in Congress hall, Philadelphia.

The prints presented by Mr. Mayhew to the Canyon college include scenes from "The Eve of Discovery," showing the arrival of the ships of Columbus, and on to the end of the Civil war.

President J. A. Hill, commenting upon the gift, said: "These pictures will make American history live for the grade and high school students of our demonstration school." It is likely that the pictures will be arranged in frieze effect in the children's library, where they will be seen by hundreds of visitors and will be constantly referred to by the children themselves.

Mr. Mayhew has shown his interest in Texas education in many ways and this gift typifies his appreciation of the problems of the teacher of American citizenship and history.

Canyon Will Play at Umbarger Sunday

A baseball game between a team composed of Canyon players and the Umbarger team will play at Umbarger Sunday afternoon, according to an announcement made by Carl Laughery, manager of the local team.

A large crowd of Canyon people are urged to attend the game and root for the local team. The Canyon team is altogether a different team to the one known as the Canyon "Alley Rats."

DAVID THOMAS IMPROVED

Report from David Thomas this morning indicates that he passed a good night, and is improving this morning. He has been seriously ill for the past six weeks, and unconscious a greater part of the time during the past few days.

7073 GIVEN AS POPULATION OF RANDALL COUNTY AS COMPLETE CENSUS RETURNS ARE COMPILED

Increase of 95 Per Cent Shown in Randall County During the Past Decade is Shown By the Enumerators Reported This Morning to the Census Director.

C. of C. Dinner is Set For Monday Evening, May 19

A Chamber of Commerce dinner will be held in the basement of the Methodist Church Monday evening, May 19, at 8 o'clock. It will be a get together of the business men of Canyon and their invited guests.

No regular speakers for the program. "Open Season" will be declared on any who attempt to make long speeches, according to L. N. George, secretary of the Chamber of Commerce, who is in charge of the arrangements of the dinner.

A number of subjects of interest to the entire membership of the Chamber of Commerce will be discussed briefly.

L. N. George will be toastmaster at the dinner.

Tickets may be secured by calling Wes Kleinschmidt, L. N. George or Fred E. Wortham. It is urged that all who want tickets make the reservations by noon Monday.

Big Crowd Hears First Band Concert

The first open concert of the Buffalo Band this season was given Monday evening on the court house square under the direction of C. E. Strain, band director.

An exceedingly large crowd was in attendance. The program, lasting about one hour, was well received by the audience.

Spann is Named Head Coach for Coleman, Tex. Hi

J. E. Spann, who has piloted the Canyon high Eagles during the past three years with outstanding success, will assume similar duties at Coleman, Texas, when school opens in September.

Edgar Brady, now coach at Anadarko, Okla., high school, has been named to succeed Spann. It is understood that he will accept. Brady is a graduate of the Southwest Oklahoma State Teachers college of Weatherford, Okla. During his three years of coaching at Anadarko he has won two district championships, and one year both football and basketball teams were all conference championship winners.

"We are indeed fortunate to secure such a man as Coach Brady," Superintendent Irby Carruth stated in commenting on the new coach. "He is a recognized coach of outstanding ability and with the promising prospects for material, another year he should develop good teams for the Canyon high school."

Commencement to Begin at College Saturday, May 24

The Commencement activities of the college will begin with the High School Graduating Exercises Saturday evening, May 24, and conclude with an Alumni Banquet, Wednesday evening, May 28, according to the program of the College Commencement which was given out this week.

The full calendar for the week follows:

May 24, Saturday evening, 8:00 o'clock, High School Graduating Exercises.

May 25, Sunday morning, 11:00 o'clock, Baccalaureate sermon by Dr. R. C. Campbell, pastor of First Baptist Church, Lubbock.

May 26, Monday evening, 8:15 o'clock, Commencement Concert.

May 27, Tuesday—Senior Class Day: 10:00 o'clock, Class Day Exercises; 7:00 o'clock, Out-door Band Concert; 8:30 o'clock, President's reception to the senior class.

May 28, Wednesday, Commencement Day: 10:00 o'clock, Graduating Exercises, address by Dr. A. W. Birdwell, president Stephen F. Austin Teachers College, Nacogdoches; 6:00 o'clock, Alumni Banquet.

ATTORNEY SEEKS LOCATION

W. I. Gamewell of Dallas was here Monday looking for a location to practice law. He states that he is highly impressed with Canyon. He lived formerly at Dalhart and at Stratford, and likes the Plains country much better than Dallas.

Randall county has a total population of 7073, according to the complete report made this morning at 10:00 o'clock in the office of the district supervisor of the federal census at Amarillo. This is an increase of 95 per cent over the census of 1910.

The report of the city of Canyon was made last week, showing a total of 2821, or an increase of 74.5 per cent during the past decade.

The following is the report of Randall by precincts:

No. 1—2781, including the city of Canyon with 2821.

No. 2—642.

No. 3—748.

No. 4—1902, including 1119 in the sub-division of Amarillo.

Randall county had a total population of 3675 in 1910 and 3312 in 1900. The total increase for the past ten years has been 3398. Of this number the increase of 1203 was shown in Canyon, and 1119 given in the new sub-division which has been established for Amarillo in Randall county during the past four years. This indicates that there has been an increase of 1076 on the farms of the county during the past decade.

A total of 846 farms is shown by the census.

Turner Gets a Record Turtle Catch at Lake

State Game Warden Sam Turner set what is believed to be a world's record on a catch of turtles last week when he caught 1,673 turtles from the Palo Duro club lake. They ranged in weight from half a pound to 35 pounds. They were carried to Amarillo and placed on exhibit at the Tri-State Fair grounds.

Mr. Turner used two nets to catch the turtles. It is his opinion that this is the largest collection of turtles ever assembled in the United States outside of a turtle farm.

When the turtles were removed from the lake last week several feet of film for the Pathe News service were obtained by T. M. Caldwell of Amarillo.

Officials of the club said last night that the work had been worth thousands of dollars. The lake was so infested with the turtles that the fish supply is said to be short this season.

By catching the turtles this early in the season, the work will be more effective, Turner said, since the turtles have not yet laid their eggs. He believes that his plan would rid lakes throughout the country of the pests, which are considered the greatest nuisance to stocking the lakes with fish.

Mrs. Green Was Speaker at Pampa

Mrs. Geraldine Green was principal speaker Saturday at the annual banquet which the American Association of University Women at Pampa give each year in honor of the girls who are seniors of the Pampa high school.

Mrs. Green took as her subject "Planning for the Future." She discussed the fields of work which are open to women, and outlined many of the ways by which the girl of limited means can work her way through college.

Senior Athletes Presented With Buffalo Blankets

Nine athletes who are members of the senior class of the college were honored by their class this week, when they were presented blankets. The men who will carry away the maroon blankets are Gordon Thompson, Cleveland Jones, R. E. (Tige) Elkins, Clifford Henry, Pat Gerald, Milton Sanders, Boyce Bandy, Elvis Ward, and Sloan Miller.

Blankets will be sent to Clifford (Red) Keith, who is teaching at Cisco, and to R. F. (Dumb) Newman, who is playing professional baseball this spring.

Newton Crain of Canyon, president of the senior class, presided while the blankets were being presented by Miss Marie Miles of Mineral Wells. Miss Miles has been one of the yell leaders of the college during her four years at Canyon.

GOVERNOR MOODY ENTERS

Governor Moody has definitely announced that he is a candidate for a third term, and will make his formal entry into the campaign during the coming ten days. The governor believes that he is the choice of a majority of the voters of Texas for a third term in the State Capitol, and that they will approve him over any of the other thirteen who have so far announced as candidates for this office.

Governor Moody takes a fling at both Ferguson and Mayfield, taking it for granted that one or the other will be in the second primary, and that he is the only man in Texas who could defeat either. Indications are that we are to see the revival this year in Texas of the old issues of Fergusonism and Mayfield-klanism. Moody is a pastmaster when it comes to handling such questions, and will stump the state to renew old prejudices. He preached harmony last week but will open old sores next week.

The secret of the whole thing is that Governor Moody has his eye on national politics. He rode into the attorney general's office on the coat tail of Jim Ferguson and the anti-klan issue, as a result of prosecuting Klan violence in Williamson county. Once seated as attorney general, the Ferguson issue landed him in the governor's chair. He believes, according to one of his closest followers, that if he could win a third term as governor in Texas, the national field would be opened, and with the manipulations now going on within the Republican party and the burst of the Hoover-prosperity bubble, that the Democrats will elect the next president, and his name could very easily be Dan Moody of Texas. So you see, the campaign in Texas this year has many strings attached.

In addition, the governor believes that the people of Texas are greatly interested in the sale of all of the 77,000 acres of land owned by the prison system, and the re-building of the plant near Austin. All of the other candidates are for prison reform, but all oppose the Austin plan, as sponsored by Moody.

The governor cries out against lobbying in Austin during the session of the legislature, but it is a well known fact that no one has used the lobby more than has the governor. He sent out telephone calls all over the state trying to bring pressure to bear upon members of the legislature to pass the state-wide road bond constitutional amendment, the prison bill, and other bills which he sponsored. He was willing to use this method of compulsion among the legislators, but did not want to see West Texans come before the legislature to defend their property when a bunch of Austin land grabbers sought to steal the land which our citizens had bought and paid for; and when West Texans came to Austin to fight the unjust natural gas tax which would have taken away all of the revenues received from the gas well; and those from West Texas who came seeking to recover from the state the expense of the pink boll worm fight. This anti-lobby proposal is all right when it works to the benefit of those who propose it. Illegal lobbying should be suppressed. No one favors the buying off of legislators, or governors, or judges, or anyone else in authority. But when legislation is proposed which affects the rights and liberties of the people, or any class of the people, they have a right to appeal to the sense of fairness of those in authority.

whether it be a justice of the peace, a governor or a legislator. It would be only a step into a state of anarchy if the legislature and the governor were free to pass such legislation as they pleased without the people being heard.

It is no wonder that the people of Texas are disgusted with the state of politics, and welcome, as refreshing, the campaign of a man like Clint Small, who does not seek to tear the state asunder with new political propaganda, and recommend a lot of political nonsense which he knows will not work, but which might corral a few votes. Clint Small is gaining in his campaign. With West Texas rallying to his support, he will be in the second primary against Jim Ferguson or Barry Miller, and will be elected governor of Texas. West Texas has a chance to elect one of its own, so let's get busy.

The people of Texas regret very much the incident at Sherman when a mob burned the court house and cremated a negro who had pleaded guilty to attacking a white woman. No one will regret the incident more than those in Sherman who believe in law and order. Mob violence is hard to understand. A half dozen fools may turn upside down an entire community when operating under proper conditions. Those who led the mob should be punished, and no doubt will be punished in a very speedy manner.

Canyon citizens are to be complimented upon the efficiency of the municipal government. The city has long maintained the lowest tax rate of any town of its size in Northwest Texas, and at the same time has secured the largest amount of public improvements. Tax rates mean little, but the result of securing a maximum for the money spent means much. To brag about low taxes, and show that nothing is being done is a sure sign of unprogressiveness; but Canyon has more public improvements than most towns of this size; and it has been done at the lowest possible cost to the citizens.

HINTS FOR THE HOME

BY NANCY HART

PUDDING SAUCE

Fruit Sauce

Whip a cup of cream solid and fold into it half a cup of fresh or preserved fruit rubbed through a sieve and sweetened to taste. Jam, marmalade, or jelly may be used instead of the fruit, and the stiffly beaten whites of three eggs may be used instead of the cream.

Golden Sauce

Rub to a cream half a cup of butter and brown sugar, heat in a double boiler, and add gradually the beaten yolk of one or two eggs. Cook slowly until thick, stirring constantly, and season to taste with wine or lemon. Add a little spice if desired.

Lemon Sauce

Cream one-third cup of butter with one cup of sugar and a tablespoon of flour. Add one and one-half cups of boiling water, simmer until smooth, and add a lemon that has been chopped without peeling, removing the seeds.

Foaming Sauce

Cream half a cup of butter with a cup of sugar and add a teaspoon of cinnamon. Add one egg well beaten and, gradually, one cup of boiling milk. Serve immediately.

RICE

Rice has a large amount of starch in its make-up. If you use the coated sort, it has also valuable vitamin properties. It is lacking in fat and in proteins. So rice should always be served, if it is the mainstay of the meal, with food containing protein and fat. It is a good accompaniment of meat or eggs. Rice pudding is a well-rounded dish. Boiled rice served with butter and sugar is good as a hearty dessert for children, and with plenty of milk to drink and some fruit would make an excellent meal.

Here are some ways of cooking rice so that it tempts the appetite and satisfies it:

Rice Soup

Prepare a white sauce and while it is cooking let a slice of onion simmer in with the milk. Strain the sauce and combine with equal parts of nicely cooked rice gruel, made by boiling rice very soft in plenty of water. This soup may be varied by having a larger proportion of onion and allowing finely minced onion to remain in the soup. Cooking according to the first direction, it makes a delicate soup for invalids.

Spanish Rice

Prepare plain boiled rice, being careful to have kernels dry and mealy. Have ready a sauce composed of stewed, canned or fresh tomatoes, chopped onions, and any other savory vegetable fancy. The basis of the sauce being stewed tomatoes, it is quite possible to vary this popular dish by changing the vegetables added to give flavor. For example, another addition that combines desirably is vegetable oyster or okra.

Of all the things that are overdone, work stands at the bottom of the list.

Do your shopping in Canyon.

MOTHER'S FRIEND
LESSENS PAIN

The Rainbow's End is within Your reach

DID you ever feel so desperate you wanted to jump out of a window? That's the wrong end of the rainbow.

Ill health is a burden on body, mind and friends. But Nature never fails to signal her dangers. Lack of appetite, flabby flesh, loss of strength and skin troubles is a warning from Nature. This is her way of pleading for help.

When S.S.S. is indicated you owe it to yourself to try it.

If you desire firm flesh, a glowing complexion, energy, vitality and the blessings of health you must keep your blood in good condition.

S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It gives to Nature what it needs to build you up so that your system may throw off the cause.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Clint Small is gaining in his campaign. With West Texas rallying to his support, he will be in the second primary against Jim Ferguson or Barry Miller, and will be elected governor of Texas. West Texas has a chance to elect one of its own, so let's get busy.

The people of Texas regret very much the incident at Sherman when a mob burned the court house and cremated a negro who had pleaded guilty to attacking a white woman. No one will regret the incident more than those in Sherman who believe in law and order. Mob violence is hard to understand. A half dozen fools may turn upside down an entire community when operating under proper conditions. Those who led the mob should be punished, and no doubt will be punished in a very speedy manner.

Canyon citizens are to be complimented upon the efficiency of the municipal government. The city has long maintained the lowest tax rate of any town of its size in Northwest Texas, and at the same time has secured the largest amount of public improvements. Tax rates mean little, but the result of securing a maximum for the money spent means much. To brag about low taxes, and show that nothing is being done is a sure sign of unprogressiveness; but Canyon has more public improvements than most towns of this size; and it has been done at the lowest possible cost to the citizens.

MOTHER'S FRIEND LESSENS PAIN

The Rainbow's End is within Your reach

DID you ever feel so desperate you wanted to jump out of a window? That's the wrong end of the rainbow.

Ill health is a burden on body, mind and friends. But Nature never fails to signal her dangers. Lack of appetite, flabby flesh, loss of strength and skin troubles is a warning from Nature. This is her way of pleading for help.

If you desire firm flesh, a glowing complexion, energy, vitality and the blessings of health you must keep your blood in good condition.

S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It gives to Nature what it needs to build you up so that your system may throw off the cause.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Makes You Feel Like Yourself Again

S.S.S.

HINTS FOR THE HOME

BY NANCY HART

PUDDING SAUCE

Fruit Sauce

Whip a cup of cream solid and fold into it half a cup of fresh or preserved fruit rubbed through a sieve and sweetened to taste. Jam, marmalade, or jelly may be used instead of the fruit, and the stiffly beaten whites of three eggs may be used instead of the cream.

Golden Sauce

Rub to a cream half a cup of butter and brown sugar, heat in a double boiler, and add gradually the beaten yolk of one or two eggs. Cook slowly until thick, stirring constantly, and season to taste with wine or lemon. Add a little spice if desired.

Lemon Sauce

Cream one-third cup of butter with one cup of sugar and a tablespoon of flour. Add one and one-half cups of boiling water, simmer until smooth, and add a lemon that has been chopped without peeling, removing the seeds.

Foaming Sauce

Cream half a cup of butter with a cup of sugar and add a teaspoon of cinnamon. Add one egg well beaten and, gradually, one cup of boiling milk. Serve immediately.

RICE

Rice has a large amount of starch in its make-up. If you use the coated sort, it has also valuable vitamin properties. It is lacking in fat and in proteins. So rice should always be served, if it is the mainstay of the meal, with food containing protein and fat. It is a good accompaniment of meat or eggs. Rice pudding is a well-rounded dish. Boiled rice served with butter and sugar is good as a hearty dessert for children, and with plenty of milk to drink and some fruit would make an excellent meal.

Here are some ways of cooking rice so that it tempts the appetite and satisfies it:

Rice Soup

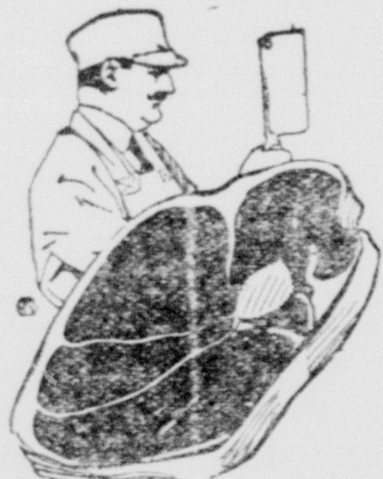

Prepare a white sauce and while it is cooking let a slice of onion simmer in with the milk. Strain the sauce and combine with equal parts of nicely cooked rice gruel, made by boiling rice very soft in plenty of water. This soup may be varied by having a larger proportion of onion and allowing finely minced onion to remain in the soup. Cooking according to the first direction, it makes a delicate soup for invalids.

Spanish Rice

Prepare plain boiled rice, being careful to have kernels dry and mealy. Have ready a sauce composed of stewed, canned or fresh tomatoes, chopped onions, and any other savory vegetable fancy. The basis of the sauce being stewed tomatoes, it is quite possible to vary this popular dish by changing the vegetables added to give flavor. For example, another addition that combines desirably is vegetable oyster or okra.

Of all the things that are overdone, work stands at the bottom of the list.

Do your shopping in Canyon.

Tender, Choice Cuts of Meats

That are fresh daily. We don't run specials, but our prices are dependably low, and our meats are of dependably high quality.

Singing In the Rain

By Albert T. Reid

throughout the nation. Then we may have a chance of equaling England's record for the suppression of crime.

AGE

"A woman is as old as she looks and a man is as old as he feels," runs an ancient proverb. Many men of 80 or more are capable of doing as much work, and with as much enthusiasm as most men of 40; many more men are old and past their usefulness at 60. The difference, recent scientific research has discovered, lies in the secretions of certain glands of the body. When these diminish, old age supervenes. Dr. Harry Benjamin of New York, working in association with Dr. Casimir Funk, discoverer of vitamins, and Dr. Benjamin Harrow of the College of the City of New York, has found a way of introducing the hormones, or essential secretions of these glands, into elderly men, with surprising results. The effect is not to prolong life, in all probability, but to enable a man to retain his youthful energy through a period many years longer than the average.

RUST

One of the greatest enemies of progress is rust. For years the iron and steel industries have spent hundreds of thousands of dollars a year in research into means of preventing the rust that destroys bridges, factories, machinery, and everything made of iron. Protecting metals against rust is an expensive part of all kinds of construction and manufacturing processes.

So called "stainless" steel is providing one answer. Instead of protecting the surface, certain other metals are alloyed with the steel and the metal becomes rustless, capable of taking and keeping a brilliant polish. Cheaper than nickel plate, more durable than chromium plate, one manufacturer already is turning out cars the bright parts of which are of stainless steel, and now other makers are considering entire bodies and chassis of the same metal. If this works out, our roads may become as glittering as they were when everybody rode nickel-plated bicycles.

At any rate, Senator Deneen won't have to acknowledge that the best man won in the Illinois senatorial primary.—Nashville Banner.

Gibraltar, a military expert says, now serves no useful purpose. Well, isn't it still the thing that the insurance company is as strong as?—Judge.

Rum-runners would doubtless like to see naval disarmament begin with the Coast Guard.—Southern Lumberman.

About the best way to reduce the navies would be for some one to start another World War.—Florida Times Union.

HIGH WAGES REDUCE COSTS

One of the amazing discoveries which has been made in industry in America is that the higher the wage the less the cost per unit of production. Almost all of the larger American industries have learned this, but in Europe there has grown up a legend of the American workman as a sort of Superman, capable of accomplishment far beyond anything the European worker could achieve.

There must be some magic in the air of America, Europeans believed, when they heard of American wage-earners owning automobiles and radios, having bathtubs in their homes, keeping their children in school on through high school, and having scores of other luxuries which were forever beyond the reach of the worker in the Old World.

They are beginning to learn that there isn't any magic about it. Sir Percival Perry, chairman of the Ford Motor Company, Ltd., which controls all of the European Ford companies, has just issued a report in which he shows that the European worker can do just as much as the American and do it just as cheaply, provided he is paid proportionately as high wages and given as efficient equipment to work with.

"We are employing Englishmen, Irishmen, Dutchmen, Frenchmen, Belgians, Danes, Germans, Italians, Spaniards, Finns, and Turks," says Sir Percival, "working in their own countries but doing the same jobs with similar tools under equal factory conditions. We compare how long it takes each respective man to complete his work."

And what they found out was this: The highest wages are paid in the Danish factory, and there the cost per unit of production was lowest. The lowest wages were paid in the Belgian factory and there the cost per unit was highest. The comparison was exact, for the same things were being made under the same conditions, except in the matter of wages. They raised the wages in the Belgian factory and instantly production costs dropped.

That sort of demonstration is going to revolutionize industry all over the world. The old theory that labor was a commodity to be bought in the cheapest market has been pretty well exploded in the United States for a decade. Now the rest of the world is learning our secret. That will not hurt us, but will help everybody. Anything which increases the buying power of any people is of benefit to all the other people who

VIRGIN DIAMONDS

"PSITTACOSIS"

Nothing like being up to the minute nowadays, when one can be it so quickly and so economically; all you have to do is to read the papers systematically during your spare time.

Hence psittacosis—understood as "parrot-croup." If you have a sick parrot, it isn't good policy to nose around him when he has a coughing spell, or is especially vociferous; no matter how much you love the feathered pet, you had better not put on any necking parties with him, if he exhibits signs of not feeling fit.

The very latest advice tells us that the danger is limited to birds that have been recently imported. It is said that no thoroughly acclimated birds have it, or almost none. But if you have a friend within the tropics who notifies you of the shipment of a Polly, you may indulge in just a bit of apprehension—and wisely hang the bird in the garage for a season after arrival.

This psittacosis is described, by those who have seen it at first hand, as being singularly fatal, on the order of pneumonia. However, no germs such as the bird carries have been found in human victims; and that makes things all the more perplexing for the physician in charge. I have never seen a case; hope I never may. I'm just giving you such information as I have gleaned in my habit of reading everything pertaining to the welfare of my people.

I dimly remember reading of a flock of turkeys, imported from Ceylon, bringing diphtheria to America. This dread disease has been traced to cistern water from roofs frequented by English sparrows; scarlet fever the same. Modern sanitary precautions have, however, done away with the filthy cistern. Anyway, we should be constantly on the alert for sources of probable infection and—avoid them.

The chief objection to most spring poetry is that it isn't poetry.

Singing In the Rain

By Albert T. Reid

throughout the nation. Then we may have a chance of equaling England's record for the suppression of crime.

AGE

"A woman is as old as she looks and a man is as old as he feels," runs an ancient proverb. Many men of 80 or more are capable of doing as much work, and with as much enthusiasm as most men of 40; many more men are old and past their usefulness at 60. The difference, recent scientific research has discovered, lies in the secretions of certain glands of the body. When these diminish, old age supervenes. Dr. Harry Benjamin of New York, working in association with Dr. Casimir Funk, discoverer of vitamins, and Dr. Benjamin Harrow of the College of the City of New York, has found a way of introducing the hormones, or essential secretions of these glands, into elderly men, with surprising results. The effect is not to prolong life, in all probability, but to enable a man to retain his youthful energy through a period many years longer than the average.

So far this is experimental, but the experiments have been successful, and the time may be close at hand when old age and helplessness will no longer be synonymous.

RUST

One of the greatest enemies of progress is rust. For years the iron and steel industries have spent hundreds of thousands of dollars a year in research into means of preventing the rust that destroys bridges, factories, machinery, and everything made of iron. Protecting metals against rust is an expensive part of all kinds of construction and manufacturing processes.

So called "stainless" steel is providing one answer. Instead of protecting the surface, certain other metals are alloyed with the steel and the metal becomes rustless, capable of taking and keeping a brilliant polish. Cheaper than nickel plate, more durable than chromium plate, one manufacturer already is turning out cars the bright parts of which are of stainless steel, and now other makers are considering entire bodies and chassis of the same metal. If this works out, our roads may become as glittering as they were when everybody rode nickel-plated bicycles.

At any rate, Senator Deneved won't have to acknowledge that the best man won in the Illinois senatorial primary—Nashville Banner. Gibraltar, a military expert says, now serves no useful purpose. Well, isn't it still the thing that the insurance company is as strong as?—Judge.

Rum-runners would doubtless like to see naval disarmament begin with the Coast Guard.—Southern Lumberman.

About the best way to reduce the navies would be for some one to start another World War.—Florida Times Union.

HIGH WAGES REDUCE COSTS

One of the amazing discoveries which has been made in industry in America is that the higher the wage the less the cost per unit of production. Almost all of the larger American industries have learned this, but in Europe there has grown up a legend of the American working-man as a sort of superman, capable of accomplishment far beyond anything the European worker could achieve.

There must be some magic in the air of America, Europeans believed, when they heard of American wage-earners owning automobiles and radios, having bathtubs in their homes, keeping their children in school on through high school, and having scores of other luxuries which were forever beyond the reach of the worker in the Old World.

They are beginning to learn that there isn't any magic about it. Sir Percival Perry, chairman of the Ford Motor Company, Ltd., which controls all of the European Ford companies, has just issued a report in which he shows that the European worker can do just as much as the American and do it just as cheaply, provided he is paid proportionately as high wages and given as efficient equipment to work with.

"We are employing Englishmen, Irishmen, Dutchmen, Frenchmen, Belgians, Danes, Germans, Italians, Spaniards, Finns, and Turks," says Sir Percival, "working in their own countries but doing the same jobs with similar tools under equal factory conditions. We compare how long it takes each respective man to complete his work."

And what they found out was this: The highest wages are paid in the Danish factory, and there the cost per unit of production was lowest. The lowest wages were paid in the Belgian factory and there the cost per unit was highest. The comparison was exact, for the same things were being made under the same conditions, except in the matter of wages. They raised the wages in the Belgian factory and instantly production costs dropped.

That sort of demonstration is going to revolutionize industry all over the world. The old theory that labor was a commodity to be bought in the cheapest market has been pretty well exploded in the United States for a decade. Now the rest of the world is learning our secret. That will not hurt us, but will help everybody. Anything which increases the buying power of any people is of benefit to all the other people who

"PSITTACOSIS"

Nothing like being up to the minute nowadays, when one can be it so quickly and so economically; all you have to do is to read the papers systematically during your spare time.

Hence psittacosis—understood as "parrot-croup." If you have a sick parrot, it isn't good policy to nose around him when he has a coughing spell, or is especially vociferous; no matter how much you love the feathered pet, you had better not put on any necking parties with him, if he exhibits signs of not feeling fit.

The very latest advices tell us that the danger is limited to birds that have been recently imported. It is said that no thoroughly acclimated birds have it, or almost none. But if you have a friend within the tropics who notifies you of the shipment of a Polly, you may indulge in just a bit of apprehension—and wisely hang the bird in the garage for a season after arrival.

This psittacosis is described, by those who have seen it at first hand, as being singularly fatal, on the order of pneumonia. However, no germs such as the bird carries have been found in human victims; and that makes things all the more perplexing for the physician in charge. I have never seen a case; hope I never may. I'm just giving you such information as I have gleaned in my habit of reading everything pertaining to the welfare of my people.

I dimly remember reading of a flock of turkeys, imported from Ceylon, bringing diphtheria to America. This dread disease has been traced to cistern water from roofs frequented by English sparrows; scarlet fever the same. Modern sanitary precautions have, however, done away with the filthy cistern. Anyway, we should be constantly on the alert for sources of probable infection and—avoid them.

The chief objection to most spring poetry is that it isn't poetry.

The singing at G. E. Wesley's Sunday night was enjoyed by a large crowd.

Miss Orene Wesley spent Sunday night with Miss Inez Wesley.

Mr. and Mrs. Fred Hext and daughter, Mrs. Elzo Guest and children, C. E. Castleberry, Horney Rogers, Billie Washburn, also Luther Wesley, were guests in the H. E.

Wesley home Sunday.

Mr. and Mrs. Albert Legate and baby spent the week end in the Charles Sutton home.

Callers in Happy Saturday were: Charles Sutton and sons, W. F. Barnard and sons, J. W. Wesley and family, Bill James and family, and Albert Legate.

Mr. and Mrs. H. H. Sutton and son were guests in the Belle Washburn home.

A number of the people of this community attended the play given at Wayside by the Happy senior class.

Mr. and Mrs. Bill James and Mrs. Albert Legate were callers in Amarillo Monday.

Mr. and Mrs. W. A. Williams and daughter, Mrs. Edward Cook of Salem, left early Thursday morning for South Texas to visit Mrs. Williams' mother, who is very ill.

Mr. and Mrs. Charles Sutton and daughter Opal, also E. N. Zachry, were callers in Amarillo Tuesday.

Mr. and Mrs. Otto Langston and children, Luther Wesley, Lee Roy Wesley, Opal, Martha and Erma Mae Sutton, were visitors in the J. W. Wesley home Monday.

Mr. and Mrs. J. W. Wesley were business callers in Amarillo Thursday.

Martha Sutton spent Tuesday with Othell Wesley.

Zita Breezes

The school children of Zita, also of Burch, enjoyed Thursday at the Upchurch canyons.

Mr. and Mrs. L. J. Fulton and family took supper with T. C. Motts of Amarillo.

Forrest Gruner and Baily McCormick returned Monday from a six weeks' trip.

Mike McCormick visited Lawrence Fulton during the week end.

C. C. Stewart is driving a new Chevrolet sedan.

Misses Ina and Esther Stewart and Beatrice Fulton visited with Erma McCormick Sunday.

Wayne McCormick returned Sunday from spending several months with his aunt.

The school children are looking forward to the last day of school and their program.

Carl Tumbleson and Lee Huffman of Fort Wayne, Ind., are visiting in the community.

W. T. Dungan is in the community this week.

Mr. and Mrs. H. B. Hale surprised Mr. Hales' father with a dinner. Those present were: Mr. and Mrs. J. C. Hales, B. W. McNeely, Mr. and Mrs. Alva Slay, Jim Gynn, Jake Nugan and Aaron Gwyn.

Help Keep Canyon Clean.

Sunny Hill News

Mr. and Mrs. Lon Byrd and family of Spearman have moved over on the Roy Byrd farm. Mr. Byrd is to take charge of the poultry for his brother.

Mr. and Mrs. A. C. McCauley, W. G. Hicks and Mrs. Goodnight went to Amarillo Tuesday on business.

Mrs. Henry Ratjen, who has been in the sanitarium at Plainview for some weeks, is back home again.

Mr. and Mrs. A. M. Currie of Arn community, were guests in the I. H. Hollabaugh home Sunday. They attended Sunday school here in the afternoon.

After Sunday school Mr. and Mrs. Rex Roby, Ernest and Elora Duncan, Mrs. I. H. Hollabaugh and children, and Mrs. A. M. Currie and children visited the Canyons. The purpose was to select a place for an all-day picnic for the school next Friday.

One and all are looking forward to a frolicking good time together. Parents and friends are invited to go along to share the fun.

Lonnie Bowers visited in the John McCauley home Sunday.

Clark Neff, Pat Sherwood and I. H. Hollabaugh were in Canyon Monday attending to the business of the school.

Misses Sue Knox and Bertha Sykes entertained with a party Saturday night in the home of Mr. and Mrs. J. T. Sykes. There were 45 present. On the library table sat a bowl of roses, one of which was given to each guest as he or she registered in a little autograph book. Some wrote kind words of appreciation in the book. After the refreshments were served, this book was presented to the honor guests, Mr. and Mrs. Rex Roby.

Wayside Items

Rev. Z. T. Chambliss of Plainview formerly, now of Tulsa, filled his appointments Sunday. He gave us an excellent discourse on love in the morning. His wife still is not well, and was unable to come with him. He has about completed his school work at Wayside, and will be in Tulsa for a while. It was decided to begin a Baptist revival next Sunday morning, May 18. Rev. T. D. Sumrall of Happy will assist. Everybody come out and help make the meeting a success.

Mrs. Clara McGehee and J. E. McGehee sang a special song during the Sunday school hour, relating to "Mother," which was very fine.

Mrs. Ada Smith and Virgil Lee spent a few days the past week at the parental Franklin home.

Friends of Mrs. Lizzie Fairy of Plainview will be glad to know she can get around on crutches and is able to assist with domestic duties.

Among the visitors attending the services here Sunday were Mrs. P. H. Hamblen of Amarillo and daughters, Mrs. Effie Henson of Arizona, Miss Mittie Hamblen and Mrs. Lora Webb, both of Amarillo. We regret to learn that Elva Hamblen, oldest daughter of Claude Hamblen of Amarillo is quite sick with ptomaine poisoning.

D. H. Hamblen and wife of near Amarillo were at church here Sunday. Wayside always has a welcome for them.

Mrs. Tom Knox of Wayside has an interesting heirloom with a history. More than 125 years ago, President Andrew Jackson gave Mrs. T. B. Gilmore of Shreveport, La., on her wedding day, a set of silver, 12 large and 12 small spoons, also 12 four-tined silver forks. They were distantly related. Mrs. Gilmore had one child, Mrs. John Knox of Dallas. She bore 13 children, 11 of whom lived to marry, each receiving one of each, until her death, when she gave the extra three to Mr. and Mrs. Tom Knox, now of Wayside.

Mr. and Mrs. George Hancock of Pampa, with Jerry Lane, came Saturday and spent the night and Sunday morning at the paternal Lane home.

William Payne and family of Dalhart motored to Tulsa Saturday morning, taking dinner and visiting with his sister and family, Mrs. Ruby O'Neal, then to Wayside, stopping at the paternal Sluder home.

Mother's Day was welcomed by all the members of the Sluder offspring gathering at the paternal Sluder home—Fannie Franklin and family, Emma Payne and family, M. C. Sluder, wife and Erma Lou, Grace Counterman and family, and J. S. Sluder, wife and children. A good time was enjoyed by all.

Mrs. Bertha Payne has been indisposed with tonsillitis.

W. J. Sluder stepped on a rusty nail Sunday morning. A good smoking of woolen cloth seems to have effected a cure.

Tuesday morning dawn's misty and cloudy. Light showers fell during the night. Indications are good for moisture. Wheat growers are pleased; gardens, pastures and orchards all need rain.

Saturday was a blustery day, wind straight from the west was very disagreeable. A good part of the fruit left by the freeze was blown off.

A number of candidates from Claude are visiting Waysiders. Tell us they are needing rain, too.

We understand Mr. and Mrs. Scott Laycock returned from their Austin trip May 12.

Jowell News

Mr. and Mrs. M. D. Randolph left Sunday for a trip into New Mexico.

Frank Crowley visited with his sister, Mrs. Milton Dooley, Monday.

Mrs. J. E. Davis is spending this week with her son Marion and family.

Mrs. Frank Davis and Mrs. Lybarger visited with friends near Arney Monday.

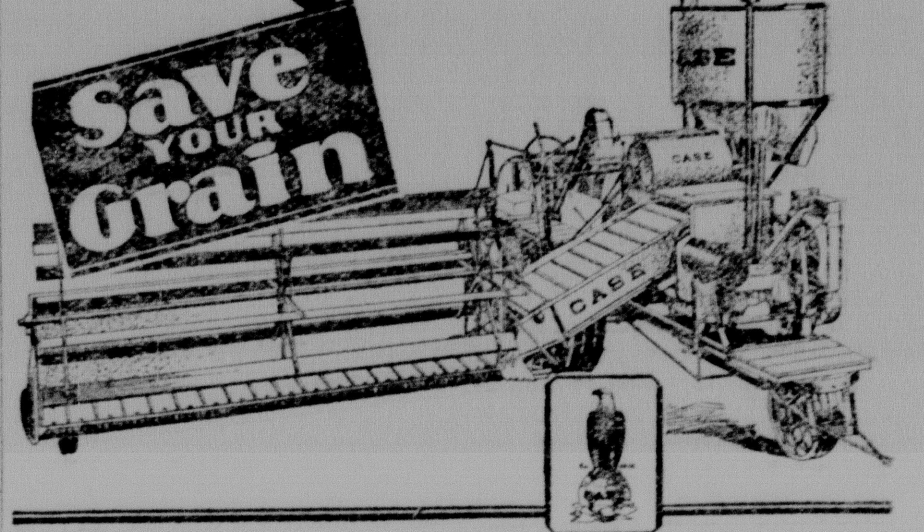

Mr. and Mrs. Glenn of Arney spent Sunday with their son, A. L. Glenn, and family.

W. H. Lowe returned Saturday, after a week's visit with his mother in Florence, Texas.

Mr. and Mrs. T. B. Cox and children visited with Bob Visage and family Sunday.

Mrs. Fred Grace and Mrs. Buron Fewell visited with Mrs. Earl Davis Tuesday.

Quite a number came out to hear the Rev. Mr. Scott, who delivered a good sermon at Jowell, Sunday afternoon.

Above All Other
Things -

THERE is one sure way to save your grain. . . to cut it clean to the last head . . . to thresh it better and faster. . . to separate and clean it more thoroughly. You can do all this with a Case Combine—because:

The header cuts its full width, without passing over grain in low spots or striking ridges when cutting low. Hinged to the combine by a universal joint in the main axle, it follows any unevenness in the field.

Large capacity steel cylinder sets a fast pace of threshing even in heavy straw. It is strong, unbreakable and accurately balanced. The teeth are scientifically spaced for greatest threshing efficiency.

Perforated concaves start the separation at once. Nearly 90% of the grain is removed from the straw in passing over the concaves and the spring steel finger grates. These are non-clogging in the toughest straw.

Two complete cleaning shoes, equipped with underblast fans, remove all chaff and dirt from the grain. Operator can observe the final cleaning from his position on the platform.

With a Case Combine you can reduce your cost of harvesting and make a greater profit for yourself. Come in and let us tell you more about it.

INTRODUCING
STARGAS

Which brings all of the convenience of gas to the suburban and rural home

Long have thousands waited for this announcement! Long have they wanted the convenience of gas! Gas for cooking... gas for lighting... gas for heating water... and, more recently, gas for refrigeration! Lone Star Gas Company... already serving a million people through its pipe lines... has developed STARGAS as an additional service to the public... to serve those not reached economically through pipe lines.

Now... with STARGAS... anyone may enjoy the convenience of gas. STARGAS is

Real Compressed Natural Gas
Delivered Anywhere

STARGAS, containing the elements of highest heating value, is extracted from pure natural gas and STARGAS means more than a fuel... it means a service! Cylinders are delivered in sets of two, and when one cylinder is exhausted, it is only necessary to turn a valve and begin using from the other, while the empty cylinder is being replaced. STARGAS is convenient, safe, reliable.

Of course, there are questions, dozens of them, that space will not permit us to take up here... but you have only to call upon us to have them answered immediately. Find out now what STARGAS will do for YOU. See actual STARGAS demonstration at...

Abilene Christian College Is Winner of T. I. A. A. Track Meet Held At Denton T. C. Saturday

Three Buffaloes Return Home With One Point to Their Credit; Miller Places Fourth in Discus Throw.

Abilene Christian College, with 45 points, won the T. I. A. A. track meet held in Denton Saturday. North Texas Teachers of Denton were second with 40 points, Daniel Baker of Brownwood was third with 33 points. The San Marcos Teachers were fourth with 18 points, and the Sam Houston Teachers were fifth with 17.

The three Buffaloes that represented West Texas in the meet returned home with 1 point to their credit. Miller was the only one to place, taking fourth in the discus throw. Last year he took first in this event but, failing to get a good throw, dropped to fourth. He has thrown the discus 130 feet during the past season, but he was just a bit unlucky Saturday as the record was 120 feet.

Gerald and Keith entered the 440 yard dash and the low hurdles, but neither of them placed. Had the rain waited until these events were over it is believed that both would have run a good race. Gerald has tied the record while running on the home court.

This is the first year for both men, and at that they were far better than any other athlete that was out for track this year. Pat departs from West Texas this year and the track team will suffer a great loss next year, while Keith

states that he has three more ahead of him. Anyway, West Texas is proud of their three track men.

Just how the tennis came out, at the time of this writeup is not known. The results will appear in next week's Prairie. Judge Landers, according to the Sunday reports was the only survivor in tennis singles, representing W. T.

He was in the finals and just before time for the last round, it began to rain and brought the match to a close. The games were to be finished yesterday.

3166 STUDENTS ENROLLED IN W. T. IN 1 YEAR

COLLEGE ENROLLMENT SHOWS LARGE INCREASE IN PAST YEAR ACCORDING TO RECORDS.

Three thousand one hundred sixty-six students have been enrolled at West Texas during the 12 months which will end on May 31, according to a report made by Registrar D. A. Shirley.

Of these students, 2,651 are doing work of college grade. Five hundred and fifteen are students in the demonstration school, where prospective teachers receive their training.

A great number of the demonstration school boys and girls come from communities where there are no high school facilities.

The college enrollment has shown a healthy increase during the past year, and President J. A. Hill is getting ready for a large 12 weeks summer school. The summer session will open June 6.

HILL, REEDS, AND GEORGE MAKE TRIP

TRIP COVERS NORTH PLAINS REGION FOR PURPOSE OF SPEAKING TO EXES AND VISITING HIGH SCHOOLS.

President J. A. Hill, Coach Claude E. Reeds, and L. N. George made an extensive trip over the North Plains last week.

Tuesday night the party attended a conference with several ex-students at Pampa. Here they met many who are carrying on W. T. standards, among which were: Lem Sone, principal of the high school; Odus Mitchell, high school coach; Walter Hardin, Lenora Hardin, Arles O'Keefe, Myrtle Miller, and Olin Hinkle. Superintendent Fisher stated that there were seven-teen W. T. students there. President Hill spoke to the juniors and

seniors of Pampa high school Wednesday morning.

The members of the delegation appeared before the high school of Spearman Wednesday afternoon where "Prexy" spoke to the student body. They also witnessed a baseball game between the Cousins Literary Society of the College and Perryton high school.

President Hill was the principal speaker at an ex-student banquet at Perryton where seventy ex-students were gathered. Mr. Hill told of the aims of the institution, and urged Exes to help send good clean boys and girls to the Alma Mater for their training. "Exes can help in legislative matters, and most of all they can sell the idea of their school to new people who are coming into this section," he said. Five counties were represented at this banquet, namely: Hutchinson, Hemphill, Hansford, Ochiltree, and Lipscomb.

Thursday morning President Hill spoke to the senior class of Booker High School where he answered questions concerning the college and encouraged them as to the choice of their life's vocation. At Darnitt High School the group spoke to the entire student body. Follett high school seniors heard an address from Mr. Hill. At Higgins there was a conference with the superintendent and some prospective students held by the delegation from W. T.

The Wheeler County banquet was the last occasion of the trip. At this meeting, Thursday night, there were thirty-five ex-students with a great deal of enthusiasm.

Officer—Flag of truce, Excellency. His Excellency—What do the revolutionists want?

Officer—They would like to exchange a couple of generals for a can of condensed milk.—Passing Show.

He had risked his life to save the girl from a watery grave and, of course, her father was grateful.

"Young man," he said, "I can never thank you sufficiently for your heroic act. You incurred an awful risk in saving my only daughter."

"None whatever, sir," replied the amateur life-saver. "I am already married."—Chicago News.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF RANDALL)

NOTICE IS HEREBY GIVEN that by virtue of an execution and order of sale issued out of the District Court of Randall County, Texas, on the 8th day of January, 1930, in cause No. 1219 of said Court, in favor of G. W. Cox against J. G. Gantz, I did, on the 7th day of May, 1930, at nine o'clock A. M., levy upon the following described tract or parcel of land, situate in Randall County, Texas, to-wit:

137.9 acres out of the South one-half Section No. 32, Block B-5, H. & G. N. Railway Company Survey, and being that certain 162.9 acres out of said Survey conveyed to G. W. Cox by R. W. Scales and wife by deed of record in Volume 36 page 39 of the Deed Records of Randall County, Texas, less that certain twenty-five acre tract conveyed by G. W. Cox and wife to Mrs. M. E. Penick and husband by deed dated December 18, 1926, of record in Volume 46, page 40 of the Deed Records of said County;

And on the 3rd day of June, 1930, being the first Tuesday of said month, between the hours of ten o'clock A. M. and four o'clock P. M., on said date, at the court house door of said County, at Canyon, Texas, I will offer for sale and sell at public auction for cash all the right, title and interest of the said J. G. Gantz in and to said property.

DATED at Canyon, Texas, this 7th day of May, A. D. 1930.

JOHN FRY,

Sheriff, Randall County, Texas.

IDEAL GIFTS FOR Graduates

To make good in life, they'll have to be confidently on time. Hence the need for a wrist-watch that combines absolute precision and handsome appearance. You will find such a watch among our hundreds of excellent gift suggestions.

TEST OF CONOCO'S GERM-PROCESSED TENACIOUS FILM . . .

... Compared with Popular Oils at Pike's Peak ... Reveals 76.4% Less Motor Wear! . . .

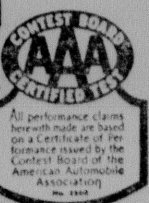

We sincerely believe that this disclosure alone will cause you to begin using CONOCO Germ-Processed Motor Oil . . . such decided reduction in motor wear . . . such triumph over the savage attack of friction and heat . . . such positive supremacy over the oil you have been using, all have a definite appeal to your pocketbook and judgment.

Charts prepared from the Pike's Peak Test records indicate a longer life for your motor by lubricating it with Germ-Processed oil. Too, you will save substantially on your gasoline cost, and in oil expense, by using this oil. And the fact that Germ-Processed oil penetrates metal surfaces means, that after starting your car on a cold morning you can safely drive at top speed with less likelihood of damage . . . for CONOCO'S film is already on the job.

Less Carbon—Less Cost—More Mileage and Less Heating—More Compression. All these things mean a better all-around motor. It is truly unusual for a motor oil to so excel competition as CONOCO did in the Pike's Peak Tests. Tested out on the Pike's Peak Highway, scene of many famous automobile tests, was a memorable struggle for supremacy: . . . On the one side, three of America's representative and popular oils—on the other, Germ-Processed oil. And CONOCO Germ-Processed Motor Oil won, by all tests applied.

Only CONOCO can make Germ-Processed oils. CONOCO can give you these new motor oil merits, including penetrative lubricity. We hope to serve you soon, at stations displaying the Red Triangle.

SEND NOW for the new Free Booklet which describes in detail the story of the Pike's Peak Tests. Illustrated with photographs and charts. Address Continental Oil Company, Ponca City, Okla., or at the station with the Red Triangle.

W. T. LIBRARY STAFF ENTERTAINS FRIENDS

The library staff of W. T. S. T. C. entertained with a tea Wednesday afternoon, honoring the faculty members and their friends. The dining room of the home economics department was attractively decorated with spring flowers and red tapers.

Guests called at the home economics dining room between the hours of 4 and 6, and were received by the staff members headed by Miss Tennessee Malone. Others were the Misses Mary Louise Anderson, Margaret Sheers, Margaret Strain, Marie Dodgen, Bertha Paltenghe, Ada Claire Bain, Lorene Wherry, and Messrs. Ernest Cabe, Newton Crain and Roy Cheatham.

Refreshments of tea and berries were served.

MRS. INMAN IS HOSTESS TO LOYAL DOZEN FRIDAY

Members of the Loyal Dozen club met at the home of Mrs. Harry Inman, Friday afternoon, with Mrs. Inman as hostess. Needlework furnished the diversion for the pleasant afternoon hours.

A delicious refreshment plate of sandwiches, cake and iced tea was served to the following club members and special guests: Mrs. Bill Simmons, Mrs. J. Prichard, Mrs. C. C. Morton, Mrs. Victor Steen, Mrs. Noel Beckett, Mrs. N. T. Dickerson, Mrs. Clifton Duke, and Mrs. V. L. Briscoe.

The next meeting, Friday, May 16, will be at the home of Mrs. Dickerson, with Mrs. Morton as hostess.

MAJESTIC 3 for 5 RADIO TUBES—3 for \$5.00. Guaranteed for 1000 hours. Burroughs Jewelry Store.

Help Keep Canyon Clean.

ENJOYABLE AFFAIR AT WINEINGER HOME TUESDAY

Miss Hazel and Charles Wineinger entertained a number of their friends from Canyon and Amarillo Tuesday evening with a delightful affair at the home of their mother, Mrs. Lottie Wineinger, one mile south of Amarillo.

Appropriate games were played during the evening, and a delectable ice course was served at the refreshment hour.

Those present included: Miss Nell Thomas, Miss Elva Lee Bagley, Miss Arline Wilson, Miss Pearlina Martin, Miss Pauline Martin, Miss Lucy Schmitz, Miss Udell Shero, Mr. and Mrs. George Zellaphor, Mrs. Maude Lohnes, Mrs. J. E. Rader, Jesse Thomas, Atwood Croson, Clyde Jacks, Oral and Raymond Wineinger and Edgar Williams.

FRIDAY AFTERNOON BRIDGE MEETS AT HARP HOME

Members of the Friday Afternoon club assembled at the home of Mrs. Guy Harp last week and were delightfully entertained with bridge. Rosebud favors were presented each of the guests by the hostess.

An ice course was served at the tea hour to the following guests and club members: Mrs. T. M. Moore, Mrs. J. S. Humphreys, Mrs. R. A. Terrill, Mrs. Charlie Burrows, Mrs. Ray McReynolds, Mrs. J. Wesley Kleinschmidt, Mrs. Marion Bishir, Mrs. Ray Campbell, Mrs. Oscar Gamble, Mrs. Clarence Thompson, Mrs. Bill Black, Mrs. Travis Shaw, and Mrs. Irby Carruth.

SENIOR B. Y. P. U. GIVES SOCIAL FOR FRIENDS

The senior B. Y. P. U. gave a social in the parlors of the Baptist church Saturday evening, beginning

at 8 o'clock. More than 50 Baptist students and their friends were present at the entertaining affair. Games were played during the fore part of the evening, after which the following program was given: Reading, Miss Mary Esther Cheshire; organ solo, Miss Lillabeth Burroughs; piano solo, Miss Bessie Lee Fite.

After a short business session, refreshments furnished by the City Market, M. System, and Bellah Grocery, were served.

FORTY-TWO CLUB ENTERTAINS AT McELROY HOME THURSDAY

One of the most enjoyable social functions of the season took place at the home of Mr. and Mrs. Clyde McElroy, Thursday evening, when the members of the Merry Maidens and Matrons club entertained their husbands and a number of special guests. Hostesses for the evening were Mrs. McElroy, Mrs. S. L. Ingham, Mrs. Jim Green, Mrs. Sue Donald, and Mrs. R. A. Terrill.

A color scheme of yellow and white, the club colors, was carried out in the entertaining suite. "Forty-two" was the chosen diversion, nine tables being arranged for the play. A delectable ice course featuring the favored colors was served at the refreshment hour, at which time yellow daisies were presented the guests as favors.

Those present for the evening included: Mr. and Mrs. J. L. Duflot, Dr. and Mrs. H. A. Brown, Mr. and Mrs. C. R. Flesher, Mr. and Mrs. J. S. Humphreys, Dr. and Mrs. S. L. Ingham, Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. C. A. Murray, Mr. and Mrs. Green, Mr. and Mrs. Terrill, Mr. and Mrs. T. B. McCarter, Mr. and Mrs. McElroy, Mr. and Mrs. Carroll, Mr. and Mrs. L. A. Osgood, Mr. and Mrs. W. A. Sternberg, Mrs. L. Angel, Mrs. H. B. Hamill, Mrs. Claude Harrison, Mrs. Bob Donald, Mrs. Ray Campbell, Mrs. J. E. Hill, Mrs. Henrietta Scott, Miss Florence McMurry, and Miss Edna Graham.

MR. AND MRS. H. WOODS ENTERTAIN LOS ESPOSOS

Mr. and Mrs. Harry Woods entertained the members of the Los Esposos club at their home Thursday evening. Roses added their fragrance to the entertaining rooms, where three tables were arranged for bridge.

A delicious ice course was served at the refreshment hour. Miniature May poles centered the tables and the refreshments featured the chosen colors.

Those participating in the play included: Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Hubert Hartman, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Winfield Miller, and the host and hostess, Mr. and Mrs. Woods.

METHODIST W. M. S. MEETS IN CHURCH PARLORS

The Women's Missionary society of the Methodist church met Tuesday afternoon in the ladies' parlor. Mrs. A. W. Sternberg conducted the lesson study for the day.

The society will meet Tuesday, May 20, at 3 o'clock, in the church parlors. The subject for the day will be "The Road to Learning." Mrs. Faulkner will conduct the devotional.

A. A. U. W. HONORS SENIOR GIRLS WITH TEA PARTY

Members of the A. A. U. W. gave a tea Tuesday afternoon to the girls of the senior classes of both high schools, at the home of Mrs. Jennie C. Ritchie. Girls from the W. T. training school were entertained between the hours of 4 and 5, and the girls from C. H. S. called between 5 and 6 o'clock.

Roses and ferns were used as decorations in the reception rooms. More than 60 guests were present during the afternoon. Refreshments of sandwiches, tea, cakes, and mints were served to both groups.

COMING, COMING

Were it not so I would have told you—coming, coming.

You may expect me of a truth, for I will be in Canyon not later than the middle of next July. Hold your piano work for me, and read later in the News the exact time of my coming. Your pianos need me, and I need the pleasure of meeting you again.

C. Daugherty, the piano tuner, blind. 822

MUSIC PUPILS GIVE RECITAL MONDAY EVENING

An open music recital was given by the pupils of Mrs. Lee Foster, assisted by the pupils of Miss Weider, at the First Presbyterian church, Monday evening at 8 o'clock. Many difficult and greatly entertaining selections were given.

The program ran as follows:

"A Little Waltz" (Jessie L. Gaynor), Lorene Mickle, Mary Jean Mickle; "Sandman" (Ora Hart Wadley), "May Day" (L. A. Bugbee), Glenna B. Eastwood; "In the Pantry" (Unknown), William D. Hicks; "Salute to the Colors" (Bert R. Anthony), "Jolly Darkies" (Karl Beecher), Lela Louder; "Memories of Spring" (Bert R. Anthony), "Spinning Song" (Albert Ellmenreich), Loraine Wood; "Baby in Church" (Minnie M. Gaw), Zudie Mae Bible; "Dancing Sunbeams" (Harry B. Cairns), "Waltz of the Wild Flowers" (Harry B. Cairns), Margaret Ray Crosson; "Waltz of the Flower Fairies" (Marie Crosby), Melvin Eastwood; "The Tin Gee Gee" (Unknown), Bernice Dubbs; "Valse—opus 182" (L. Streabog), "The Soldier's Song" (Sidney Steinheimer), Lorene Mickle; "Valse Mignonne" (L. Streabog), "Morning Prayer" (L. Streabog), Mary Jean Mickle; "In the Morning" (Paul Lawrence Dunbar), Laura Fern Brian; "Peasant's Dance" (Jessie L. Gaynor), Lila Louder, Lorene Wood; "Fairy Wedding Waltz" (J. W. Turner), "Moonlight Revels" (Carl Andre), Gladys McBride; "Katie Lee and Willie Grey" (Unknown), Dora Mae Plaster; "Twilight Song" (Frederick Schackley), "Tripping Thru the Meadows" (A. L. Brown), Alma Lynn Bean; "Moon Dawn" (Rudolph Friml), "Love Dreams" (A. L. Brown), Lucy Joe Louder.

LAS ESPOSAS MEET AT RAY McREYNOLDS HOME

Mrs. Ray McReynolds was a charming hostess when she entertained the members of the Las Esposas Nuevas club with three tables of bridge at her home Wednesday afternoon. A profusion of spring roses decorated the reception rooms and fragrant roses centered the tables at the refreshment hour. Each guest was presented a rose bud favor by the hostess.

Delectable refreshments of strawberry parfait and angel food cake were served the following club members and special guests: Mrs. Claude Moore, Mrs. Owen Williams, Mrs. Hud Prichard, Mrs. Andy Walsh, Mrs. J. Madison Daugherty, Mrs. Lee Foster, Mrs. Jim Rose, Mrs. Jim Green, Mrs. Clyde McElroy, Mrs. Irby Carruth, Mrs. R. E. Ball, and Mrs. Guy Harp.

BOOK CLUB ENJOYS HISTORICAL LESSON

Members of the Women's Book Club met in the Federated club room Wednesday and enjoyed one of the most interesting programs of the year. The study for the day was a historical sketch of notable events in Texas.

Mrs. C. R. Flesher gave an excellent discussion on "Early Texas Missions," followed by a talk by Mrs. J. J. Walker on Texas legends of bygone days. Incidents from early Texas history were interestingly told by Miss Edna Graham.

The next meeting of the club will be a joint study and social meeting. The event of the day will be a lecture by Miss Robinson.

FATHER OF BERT NEWLIN DIED IN AMARILLO THURSDAY

W. A. Newlin, father of Bert Newlin of this city, died at his home in Amarillo last Thursday evening at 7 o'clock. Funeral services were held Saturday afternoon at 4 o'clock at the Griggs Funeral Chapel, conducted by Rev. R. Thomsen of Amarillo.

He is survived by two sons and one daughter, Fred Newlin of Amarillo, Bert Newlin of Canyon, and Mrs. Mable R. Rhoads of Amarillo.

BUSINESS GIRLS MEET AT MYERS HOME WEDNESDAY

Miss Berl Mayfield and Miss Agnes Meyers were hostesses to the members of the Business Girls' club at the regular meeting Wednesday evening.

Inclement weather prevented the members from participating in a picnic to the canyons as planned, but instead they assembled at the P. J. Meyers home and enjoyed a picnic supper followed by a pleasant hour of bridge.

JUNIOR CLUB HOLDS LAST MEETING OF SEASON

The Junior Women's Book club met Monday afternoon in the Federated club rooms in the last regular meeting before the club disbands for the summer months.

Mrs. Dewey Foster read an excellently prepared paper on "The City of Bethlehem" after which the club adjourned.

The next meeting of the organization will be on the second Monday in September.

CANYONITES ATTEND PARTY IN AMARILLO

A small, but select dinner party was given by Mrs. E. Stephenson and Mrs. Charles Cook Tuesday evening at 210 Carolina street, Amarillo. Twelve were present at the enjoyable affair.

Among those who attended from Canyon were Miss Anne Costley and Miss Mattie Lee Weathers.

If the golf sticks are parked near by, it is the executive's desk.

STUDENTS ENTERTAINED AT DOWLEN HOME WEDNESDAY

Outstanding among the social events that are marking the end of the school term for college students, was an enjoyable affair given by Mrs. C. M. Dowlen at her home Wednesday evening. A color scheme of pink and white was pleasingly carried out with carnations, roses, and ferns, in the reception rooms. Bridge was the favored game for the evening.

An ice course was served to the following guests: Miss Mary Alice Walton, Miss Ruth Wiseman, Miss Frances Ray, Miss Texanna Kesler, Miss Maurine Denny, Miss Alleith Elliston, Miss Jewel Sorrows, Charles Ferguson, James Kennedy, Audrey Tollison, George Fitzgerald, George Heard, Dee Blythe, and Mr. and Mrs. Glen Dowlen.

DELIGHTFUL FUNCTION AT LEGION HALL TUESDAY

A delightful affair took place at the American Legion hall Tuesday evening when Mrs. Clarence Thompson, Mrs. Allen Farlow, and Mrs. Ray Campbell entertained the Legion members and the Auxiliary with bridge.

Spring roses throughout the hall added to the attractiveness of the setting, where six tables were arranged for the play. A delectable salad course and spiced punch was served to the guests.

"GRANDMOTHER" HEFNER IS SHOWERED ON 88TH BIRTHDAY

"Grandmother" L. T. Hefner was the recipient of numerous tasty goodies when her grandchildren gave her a fruit shower Tuesday in celebration of her 88th birthday. The affair took place at the home of her son, J. L. Hefner, of this city.

Those who participated included: Mr. and Mrs. J. Prichard, Mr. and Mrs. N. T. Dickerson, and Mr. and Mrs. Harry Inman.

BUSINESS MEN'S ASSOCIATION WILL MEET TUESDAY NIGHT

A meeting of all members of the Business Men's Association will be held Tuesday night, May 20, at 8 o'clock in the American Legion Hall.

All members of the association are urged to be present and those business men who are not members are invited to attend.

A meeting of the advisory board was held Wednesday afternoon.

W. J. Flesher of Amarillo was a business caller in the city yesterday. Mayor John Toles of Happy was a business caller here yesterday.

Mrs. R. W. Ratcliff returned to Canyon Saturday after a six weeks' visit in Harlingen, Texas.

W. T. LIBRARY STAFF ENTERTAINS FRIENDS

The library staff of W. T. S. T. C. entertained with a tea Wednesday afternoon, honoring the faculty members and their friends. The dining room of the home economics department was attractively decorated with spring flowers and red tapers.

Guests called at the home economics dining room between the hours of 4 and 6, and were received by the staff members headed by Miss Tennessee Malone. Others were the Misses Mary Louise Anderson, Margaret Sheers, Margaret Strain, Marie Dodge, Bertha Paltenghe, Ada Claire Bain, Lorene Wherry, and Messrs. Ernest Cabe, Newton Crain and Roy Cheatham.

Refreshments of tea and berries were served.

MRS. INMAN IS HOSTESS TO LOYAL DOZEN FRIDAY

Members of the Loyal Dozen club met at the home of Mrs. Harry Inman, Friday afternoon, with Mrs. Inman as hostess. Needlework furnished the diversion for the pleasant afternoon hours.

A delicious refreshment plate of sandwiches, cake and iced tea was served to the following club members and special guests: Mrs. Bill Simmons, Mrs. J. Prichard, Mrs. C. C. Morton, Mrs. Victor Steen, Mrs. Noel Beckett, Mrs. N. T. Dickerson, Mrs. Clifton Duke, and Mrs. V. L. Briscoe.

The next meeting, Friday, May 16, will be at the home of Mrs. Dickerson, with Mrs. Morton as hostess.

Help Keep Canyon Clean.

ENJOYABLE AFFAIR AT WINEINGER HOME TUESDAY

Miss Hazel and Charles Wineinger entertained a number of their friends from Canyon and Amarillo Tuesday evening with a delightful affair at the home of their mother, Mrs. Lottie Wineinger, one mile south of Amarillo.

Appropriate games were played during the evening, and a delectable ice course was served at the refreshment hour.

Those present included: Miss Nell Thomas, Miss Elva Lee Bagley, Miss Arline Wilson, Miss Pearlina Martin, Miss Pauline Martin, Miss Lucy Schmitz, Miss Udell Shero, Mr. and Mrs. George Zellaphor, Mrs. Maude Lohmes, Mrs. J. E. Rader, Jesse Thomas, Atwood Croson, Clyde Jacks, Oral and Raymond Wineinger and Edgar Williams.

FRIDAY AFTERNOON BRIDGE MEETS AT HARP HOME

Members of the Friday Afternoon club assembled at the home of Mrs. Guy Harp last week and were delightfully entertained with bridge. Rosebud favors were presented each of the guests by the hostess.

An ice course was served at the tea hour to the following guests and club members: Mrs. T. M. Moore, Mrs. J. S. Humphreys, Mrs. R. A. Terrill, Mrs. Charlie Burrows, Mrs. Ray McReynolds, Mrs. J. Wesley Kleinschmidt, Mrs. Marion Bishir, Mrs. Ray Campbell, Mrs. Oscar Gamble, Mrs. Clarence Thompson, Mrs. Bill Black, Mrs. Travis Shaw, and Mrs. Irby Carruth.

SENIOR B. Y. P. U. GIVES SOCIAL FOR FRIENDS

The senior B. Y. P. U. gave a social in the parlors of the Baptist church Saturday evening, beginning

at 8 o'clock. More than 50 Baptist students and their friends were present at the entertaining affair. Games were played during the fore part of the evening, after which the following program was given: Reading, Miss Mary Esther Cheshire; organ solo, Miss Lillabeth Burroughs; piano solo, Miss Bessie Lee Fite.

FORTY-TWO CLUB ENTERTAINS AT McELROY HOME THURSDAY

One of the most enjoyable social functions of the season took place at the home of Mr. and Mrs. Clyde McElroy, Thursday evening, when the members of the Merry Maidens and Matrons club entertained their husbands and a number of special guests. Hostesses for the evening were Mrs. McElroy, Mrs. S. L. Ingham, Mrs. Jim Green, Mrs. Sue Donald, and Mrs. R. A. Terrill.

A color scheme of yellow and white, the club colors, was carried out in the entertaining suite. "Forty-two" was the chosen diversion, nine tables being arranged for the play. A delectable ice course featuring the favored colors was served at the refreshment hour, at which time yellow daisies were presented the guests as favors.

Those present for the evening included: Mr. and Mrs. J. L. Dufort, Dr. and Mrs. H. A. Brown, Mr. and Mrs. C. R. Flesher, Mr. and Mrs. J. S. Humphreys, Dr. and Mrs. S. L. Ingham, Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. C. A. Murray, Mr. and Mrs. Green, Mr. and Mrs. Terrill, Mr. and Mrs. T. B. McCarter, Mr. and Mrs. McElroy, Mr. and Mrs. Carroll, Mr. and Mrs. L. A. Osgood, Mr. and Mrs. W. A. Sternberg, Mrs. L. Angel, Mrs. H. B. Hamill, Mrs. Claude Harrison, Mrs. Bob Donald, Mrs. Ray Campbell, Mrs. J. E. Hill, Mrs. Henrietta Scott, Miss Florence McMurtry, and Miss Edna Graham.

MR. AND MRS. H. WOODS ENTERTAIN LOS ESPOSOS

Mr. and Mrs. Harry Woods entertained the members of the Los Esposos club at their home Thursday evening. Roses added their fragrance to the entertaining rooms, where three tables were arranged for bridge.

A delicious ice course was served at the refreshment hour. Miniature May poles centered the tables and the refreshments featured the chosen colors.

Those participating in the play included: Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Hubert Hartman, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Winfield Miller, and the host and hostess, Mr. and Mrs. Woods.

METHODIST W. M. S. MEETS IN CHURCH PARLORS

The Women's Missionary society of the Methodist church met Tuesday afternoon in the ladies' parlor. Mrs. A. W. Sternberg conducted the lesson study for the day.

The society will meet Tuesday, May 20, at 3 o'clock, in the church parlors. The subject for the day will be "The Road to Learning." Mrs. Faulkner will conduct the devotional.

A. A. U. W. HONORS SENIOR GIRLS WITH TEA PARTY

Members of the A. A. U. W. gave a tea Tuesday afternoon to the girls of the senior classes of both high schools, at the home of Mrs. Jennie C. Ritchie. Girls from the W. T. training school were entertained between the hours of 4 and 5, and the girls from C. H. S. called between 5 and 6 o'clock.

Roses and ferns were used as decorations in the reception rooms. More than 60 guests were present during the afternoon. Refreshments of sandwiches, tea, cakes, and mints were served to both groups.

COMING, COMING

Were it not so I would have told you—coming, coming.

You may expect me of a truth, for I will be in Canyon not later than the middle of next July. Hold your piano work for me, and read later in the News the exact time of my coming. Your pianos need me, and I need the pleasure of meeting you again.

C. Daugherty, the piano tuner, blind.

MUSIC PUPILS GIVE RECITAL MONDAY EVENING

An open music recital was given by the pupils of Mrs. Lee Foster, assisted by the pupils of Miss Weider, at the First Presbyterian church, Monday evening at 8 o'clock. Many difficult and greatly entertaining selections were given.

The program ran as follows:

"A Little Waltz" (Jessie L. Gaynor), Lorene Mickle, Mary Jean Mickle; "Sandman" (Ora Hart Wadde), "May Day" (L. A. Bugbee), Glenna B. Eastwood; "In the Pantry" (Unknown), William D. Hicks; "Salute to the Colors" (Bert R. Anthony), "Jolly Darkies" (Karl Beecher), Lela Louder; "Memories of Spring" (Bert R. Anthony), "Spinning Song" (Albert Ellmenreich), Loraine Wood; "Baby in Church" (Minnie M. Gaw), Zudie Mae Bible; "Dancing Sunbeams" (Harry B. Cairns), "Waltz of the Wild Flowers" (Harry B. Cairns), Margaret Ray Crosson; "Waltz of the Flower Fairies" (Marie Crosby), Melvin Eastwood; "The Tin Gee Gee" (Unknown), Bernice Dubbs; "Valse—opus 182" (L. Streabogg), "The Soldier's Song" (Sidney Steinheimer), Lorene Mickle; "Valse Mignonne" (L. Streabogg), "Morning Prayer" (L. Streabogg), Mary Jean Mickle; "In the Morning" (Paul Lawrence Dunbar), Lura Fern Brian; "Peasant's Dance" (Jessie L. Gaynor), Lila Louder, Lorene Wood; "Fairy Wedding Waltz" (J. W. Turner), "Moonlight Revels" (Carl Andre), Gladys McBride; "Katie Lee and Willie Grey" (Unknown), Dora Mae Plaster; "Twilight Song" (Frederick Schackley), "Tripping Thru the Meadows" (A. L. Brown), Alma Lynn Been; "Moon Dawn" (Rudolph Priml), "Love Dreams" (A. L. Brown), Lucy Joe Louder.

LAS ESPOSAS MEET AT RAY McREYNOLDS HOME

Mrs. Ray McReynolds was a charming hostess when she entertained the members of the Las Esposas club with three tables of bridge at her home Wednesday afternoon. A profusion of spring roses decorated the reception rooms and fragrant roses centered the tables at the refreshment hour. Each guest was presented a rose bud favor by the hostess.

Delectable refreshments of strawberry parfait and angel food cake were served the following club members and special guests: Mrs. Claude Moore, Mrs. Owen Williams, Mrs. Hud Prichard, Mrs. Andy Walsh, Mrs. J. Madison Daugherty, Mrs. Lee Foster, Mrs. Jim Rose, Mrs. Jim Green, Mrs. Clyde McElroy, Mrs. Irby Carruth, Mrs. R. E. Ball, and Mrs. Guy Harp.

BOOK CLUB ENJOYS HISTORICAL LESSON

ASH HAS GOOD WHEAT

Wm. Ash states that he has some wheat which will yield as much as it did last year when he made 40 bushels to the acre. This is on his place 15 miles northwest of Canyon. He states that a good rain fell Tuesday night on the north part of his place, while the south part received none.

HEAVY HAIL WEST

A heavy hail fell near Dawn yesterday was the report of tourists who arrived here last evening. It is stated that the hail was large enough to tear up the top of cars.

Most of the restless folks get that way from too much rest.

There is a closed season for most everything except suckers.

College Faculty Members Are On School Programs

Coming examinations, commencement and high school graduating exercises over the Panhandle and Plains are keeping the members of the college faculty busy during this week and the one to follow.

Ten members of the faculty of the West Texas State Teachers college will deliver addresses to graduating classes this week, while nine will be engaged similarly next week.

Miss M. Moss Richardson will deliver the commencement address at Lockney Friday night, and President J. A. Hill will give the address at Canyon. Wallace R. Clark, head of the music department of the college, will go to Booker, and Dr. Albert Barnett to LeFors on a similar mission. Registrar D. A. Shirley will be at White Deer, and Prof. C. A. Murray at Muleshoe, while Prof. S. H. Condron will be at a school closing in Armstrong county. Prof. W. L. Vaughn will make the address for a class composed of 13 boys and four girls at Silverton, and Prof. J. L. Duffol will speak to the graduates of the Dumas high school. Dr. C. A. Pierle went to Kress on a similar trip Monday night.

Next week, Prof. F. E. Savage will speak at the Love school in Swisher county, Professor Condron at Wildorado, President Hill at Vernon, Dr. R. P. Jarrett at Roaring Springs, Professor Murray at Stratford, and Mr. Shirley at Oklaunion.

Calls for many more commencement speakers have come to the college but they could not be filled because of the lack of speakers for such services.

When Dr. J. A. Hill delivers the address to the members of the graduating class of the Canyon high school Friday night, it will be the first time that the president of the college has been the principal speaker on the commencement program of the local high school.

A contemporary squeaks in scare heads: "Earthquake Tremors Shock Hollywood." He just doesn't know Hollywood.—Los Angeles Times-Mirror.

The latest invention is a motor car which obeys the human voice. We look forward to the invention of a telephone girl who will do the same.—Punch.

Remember the old-fashioned boy whose heart used to swell with pride over his rubber-tired rig with red running gear.

When a young man's fancy lightly turns to a two-passenger car, he ought to have enough for the first payment at least.

The "first and last" chance sign at filling stations were there long before automobiles, but it was a different kind of filling station.

Don't you wish you were still young enough to believe that the Easter rabbit laid all those beautiful colored eggs?

To be possessed of the faculty to remember is a great thing, but to be able to think ahead is worth much more.

It's always good policy to laugh when other people tell jokes, for they may be around when you crack a few.

The man who fears he will hurt himself working is the one who wonders how others get a head so rapidly.

Asking a man his opinion of the automobile he drives is the same as asking his wife about their children.

CHRISTIAN CHURCH

Sunday services for the Christian church are being conducted in the district court room, while the new church building is under construction. All members are urged to attend. There will be no services Sunday evening, May 18, so members may attend the union service at the Methodist church in observance of the Baccalaureate sermon of W. T. High school.

ASH HAS GOOD WHEAT

Wm. Ash states that he has some wheat which will yield as much as it did last year when he made 40 bushels to the acre. This is on his place 15 miles northwest of Canyon. He states that a good rain fell Tuesday night on the north part of his place, while the south part received none.

HEAVY HAIL WEST

A heavy hail fell near Dawn yesterday was the report of tourists who arrived here last evening. It is stated that the hail was large enough to tear up the top of cars.

Most of the restless folks get that way from too much rest.

There is a closed season for most everything except suckers.

College Faculty Members Are On School Programs

Coming examinations, commencement and high school graduating exercises over the Panhandle and Plains are keeping the members of the college faculty busy during this week and the one to follow.

Ten members of the faculty of the West Texas State Teachers college will deliver addresses to graduating classes this week, while nine will be engaged similarly next week.

Miss M. Moss Richardson will deliver the commencement address at Lockney Friday night, and President J. A. Hill will give the address at Canyon. Wallace R. Clark, head of the music department of the college, will go to Booker, and Dr. Albert Barnett to LeFors on a similar mission. Registrar D. A. Shirley will be at White Deer, and Prof. C. A. Murray at Muleshoe, while Prof. S. H. Condon will be at a school closing in Armstrong county. Prof. W. L. Vaughn will make the address for a class composed of 13 boys and four girls at Silverton, and Prof. J. L. Duflot will speak to the graduates of the Dumas high school. Dr. C. A. Pierle went to Kress on a similar trip Monday night.

Next week, Prof. F. E. Savage will speak at the Love school in Swisher county, Professor Condon at Wildorado, President Hill at Vernon, Dr. R. P. Jarrett at Roaring Springs, Professor Murray at Stratford, and Mr. Shirley at Oklaunion.

Calls for many more commencement speakers have come to the college but they could not be filled because of the lack of speakers for such services.

When Dr. J. A. Hill delivers the address to the members of the graduating class of the Canyon high school Friday night, it will be the first time that the president of the college has been the principal speaker on the commencement program of the local high school.

A contemporary squeaks in scare heads: "Earthquake Tremors Shock Hollywood." He just doesn't know Hollywood.—Los Angeles Times-Mirror.

The latest invention is a motor car which obeys the human voice. We look forward to the invention of a telephone girl who will do the same.—Punch.

Remember the old-fashioned boy whose heart used to swell with pride over his rubber-tired rig with red running gear.

When a young man's fancy lightly turns to a two-passenger car, he ought to have enough for the first payment at least.

The "first and last" chance sign at filling stations were there long before automobiles, but it was a different kind of filling station.

Don't you wish you were still young enough to believe that the Easter rabbit laid all those beautiful colored eggs?

To be possessed of the faculty to remember is a great thing, but to be able to think ahead is worth much more.

It's always good policy to laugh when other people tell jokes, for they may be around when you crack a few.

The man who fears he will hurt himself working is the one who wonders how others get a head so rapidly.

Asking a man his opinion of the automobile he drives is the same as asking his wife about their children.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, May 12, 1905)

Miss Pearl Gillham left on Wednesday evening for her home at Italy, Texas. There is talk of her returning this fall to teach music.

Mrs. W. E. Laughery and children arrived Saturday from Missouri.

Attorney Sowder returned Saturday from a business trip to Plainview.

Mrs. John Dean's father, Mr. Evans, of Pryor Creek, Ind. Terr., came in Wednesday for a visit.

C. T. DeGraffenried, has moved back to the ranch.

Rev. G. S. Hardy arrived from Clarendon Tuesday and will have charge of the Methodist revival now going on.

John Wiggins, one of our school graduates, leaves today for a trip with his father down to Pecos County. He promised to write the News of his travels.

Jim Sprengins moved back to Cook county this week.

Dry enough weather now for our country friends—a small rain would be acceptable for our town gardens.

School is out now so why not have those photos made you have been wanting so long?

Mrs. Chas. Burrow was visiting her mother at Henrietta when the fire occurred.

Two new enterprises—Geo. Seydler in the house now occupied by Lee, and Walter G. Cobb in the Wansley building, are expected to open up next week.

Lost—Saturday morning by John Wiggins, between his home and town, a silver watch with short chain of shells. Finder leave at this office and receive \$1 reward.

The total vote cast at the election Saturday was 313, every member of the old Board begin returned by handsome majorities.

Born to Walter R. Brandon and wife on the 5th inst. a girl.

The school board has for the next term, engaged the services of Miss Elsie Kilgore, of Martin, Tenn. as music teacher.

Fire Destroys Barns

At fifteen minutes to four Wednesday evening, fire was discovered getting in its destructive work on the barns of Jack Cavitt and Charlie Burrow. In less time than takes to tell the story almost every man and boy in town was there and every available effort was directed toward protecting the adjacent buildings. As the wind was blowing a gale directly from the dangerously near conflagration to Mr. Burrow's handsome residence this was no small matter, but when it

seemed that a lighthouse was gone and almost all of Mr. Burrow's household effects had been carried out to safety, the fire was, by heroic effort on the part of some determined men checked and the building saved. Had the Burrow's home gone, others would have followed and the loss would have been great. As it is, the actual loss in the value of the two barns, their contents and Mr. Burrow's windmill tower and tank.

The fire is said to have had its beginning in the Cavett barn, which joined Burrow's; the cause The News representative was unable to ascertain.

Editor's Note: In this issue much space is devoted to the commencement exercises of the Canyon High School. It is said that the exercises were the most elaborate in history of the school up to that time.

A LAND OF OPPORTUNITY

It is the fashion to lament that there are no more opportunities left for adventuresome young men. That has always been the fashion. Every generation has its quota of youngsters who believe that in the "good old days" all that a man had to do to gain fame or fortune was to fare forth into the world and take his pick of the golden opportunities that were lying around loose for the first comer to utilize. But in every generation, fortunately, there is a goodly percentage of young men who realize what has always been true, that we make our own opportunities and that if we have the spirit, the intelligence and the driving will to succeed there are as many opportunities now as ever there were.

The only difference between one decade and that which preceded it is that the opportunities are of a different kind, and every man must find out for himself what the new kind is. A newspaper man once asked the late Russell Sage, who died in the early part of this century at the age of 90, whether there were as many opportunities then as when he was a young man. He said there were more, and when questioned as to what they were, he answered that he had found there was good money to be made in buying and selling railroads!

"But how is the young man of today going to get the opportunity to buy a railroad?" asked the reporter.

"If he isn't smart enough to find them, he isn't smart enough to make money out of 'em," replied the old man, with a grin.

The reporter went away convinced that he had been kidded. Buy and sell railroads! What an old fogey Russell Sage was, not to realize that the railroads were held so tightly that nobody but a multi-millionaire could deal in them. But less than twenty years later the Van Sweringen brothers of Cleveland, starting without a penny, broke into the railroad business and in ten years have become the owners of a railroad system which, if the interstate commerce commission approves their plan, will be the only system in America stretching from coast to coast.

They did not bewail the lack of opportunity, but went out and found their opportunity.

The other day A. P. Giannini announced that he was retiring from business on his sixtieth birthday, early in May. He started work in a fruit store in San Francisco, at the age of 12. At 34 he had started the Bank of Italy in that city. At 50 he was the controlling head of the largest chain of banks in the world. Giannini found his opportunity where others, less keen, had declared there were no opportunities left.

America has always been the Land of Opportunity. It is still the Land of Opportunity and, please God, it will always be the Land of Opportunity for every man who is intelligent enough to recognize Opportunity when he sees it and industrious enough to work out his own destiny.

Uncle Si Tinklepaugh says he does not mind people tellin' lies about him but if they ever start tellin' the truth it's goin' to make him pretty sore.

"I am always ill the night before a journey."
"Then why don't you go a day earlier?"—Gutierrez.

NOTICE OF FINAL ACCOUNT

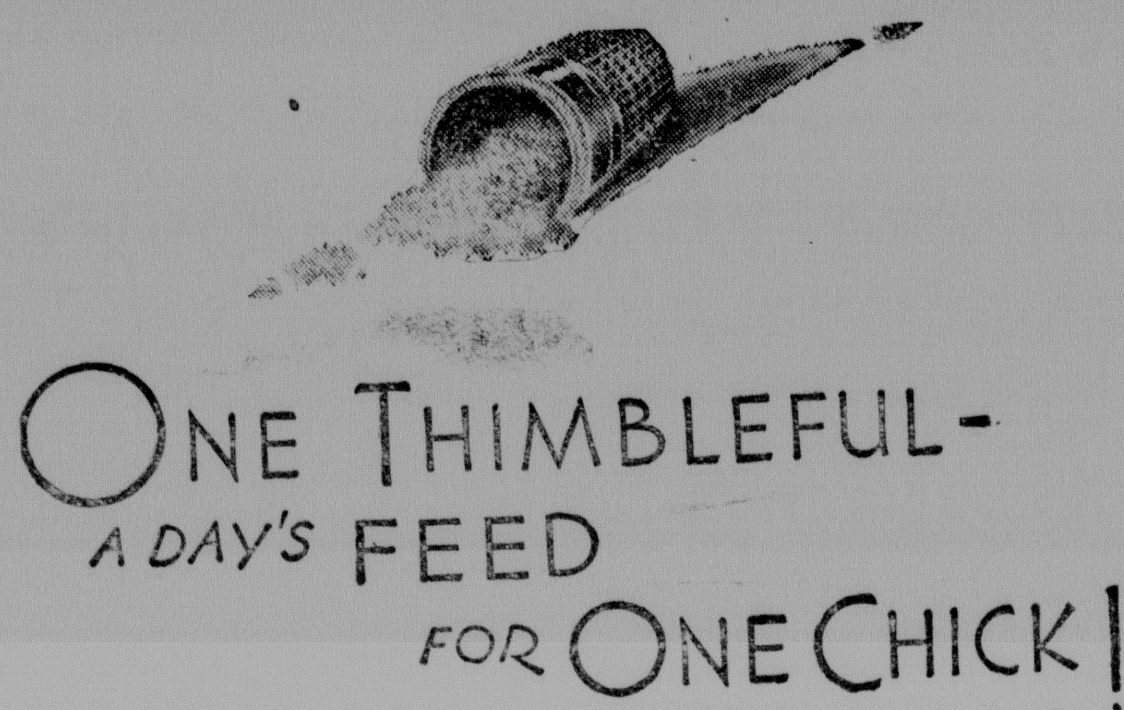

The State of Texas, to the Sheriff of Randall County, or any Constable of Randall County—Greeting: Daniel Brier Cook (formerly Daniel L. Keiser) independent executor of the estate of C. O. Keiser, deceased, having filed in our County Court her final account of the condition of the estate of said C. O. Keiser, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the County of Randall, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the June Term, 1930 of said Court, commencing and to be holden at the Court House of said County, in the city of Canyon, on the first Monday in June, 1930 (the same being the 2nd day of June, 1930) when said account and application will be considered by said Court.

Witness Berl E. Mayfield, Clerk of the County Court of Randall County, Texas.

Given under my hand and seal of said Court at my office in the city of Canyon, Texas, this 8th day of May, 1930.

BERL E. MAYFIELD,
Clerk, County Court,
Randall County, Texas.

A true copy. I certify:
JOHN FRY, B. H.
Sheriff, Randall County, Texas.

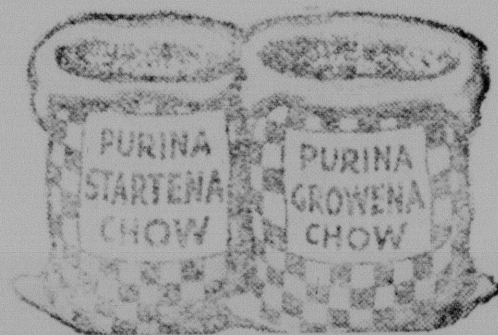

THINK OF IT! One tiny thimbleful... all the feed a chick can put in its little crop in one day. On this tiny bit it must live... grow... build bones... build muscles... start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow... 12 different ingredients in every thimbleful. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there!

These 12 ingredients... think how carefully they must be mixed to make every thimbleful alike, Purina Startena and All-Mash Startena Chow are mixed over and over again... 950 times just to be thorough! You will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena until your chicks are six weeks old... and with Purina Growena (mash) and Purina Intermediate Hen Chow (scratch)... to be fed from then on until the pullets are laying at 16 weeks.

How little feed a chick eats... just one thimbleful a day... yet how important it is... how much depends on it... the chick's very life... its growth... what the pullets will do for you next fall and winter when eggs are sure to be worth good money. You can afford to feed only the best... Purina Poultry Chows.

FOXWORTH-GALBRAITH LUMBER CO.

ups and Downs of a domestic Climber

Mr. Graffe, the grocer, telephoned early every morning, about the time Mother was making the beds upstairs.

"Junior, you answer the 'phone!" Mother exclaimed, as the telephone downstairs rang. "The list's on the telephone stand. And we want—"

But Junior was halfway down the stairs. His thin treble floated back.

"A pound of butter," he was telling Mr. Graffe, "and... Mother! What's this word? R-u-t-a —"

"I'll talk to him, Junior!" She hurried down the steps to the telephone and repeated the remaining items on the list.

"Oh, dear," she sighed, hanging up the receiver. "These stairs will be the death of me, yet. I wish we had an 'extension' telephone upstairs."

Telephones where you need them save time, steps and trips up and downstairs.

Few know that the extra cost of an "extension" is between two and three cents a day.

By a wisely-placed "extension" or two, an expert telephone man can often double the convenience of the telephones in your home.

Manager, Southwestern Bell Telephone Co., City.

I'd like to know how to get more value out of my telephone service. Please send me free, a copy of your booklet, "Modern Telephone Service for the Home."

Address _____

She hurried down the steps...

For the GRADUATE

Keep that "Rainbow 'Round Your Shoulder," Class of 1930! Go right on "Looking at the World Through Rose-Colored Glasses."

Don't pay any attention to cold water throwers who talk about the "stern realities of life." Of course you will experience plenty of knocks and jolts. So did Hannibal, crossing the Alps. So did Columbus, keeping his little crew headed westward. But they accomplished their purpose.

Anything you really decide to do you can do. Attempt the impossible. Col. Lindbergh did—and blazed a trail that will change the history of the world. There are plenty of big things left to be done. Don't think every thing worth while has been accomplished before you arrived on the scene.

There are just as many important scientific discoveries to be made. Just as many mechanical inventions to be worked out. Just as many daring exploits to be attempted. Just as many fortunes to be achieved as ever before in the history of the world. More, in fact. Get busy. Keep busy. And you are sure to conquer, Class of 1930.

"I'll talk to him, Junior!" She hurried down the steps to the telephone and repeated the remaining items on the list.

"Oh, dear," she sighed, hanging up the receiver. "These stairs will be the death of me, yet. I wish we had an 'extension' telephone upstairs."

Telephones where you need them save time, steps and trips up and downstairs.

Few know that the extra cost of an "extension" is between two and three cents a day.

By a wisely-placed "extension" or two, an expert telephone man can often double the convenience of the telephones in your home.

Manager,
Southwestern Bell Telephone Co.,
City.

I'd like to know how to get more value out of my telephone service. Please send me free, a copy of your booklet, "Modern Telephone Service for the Home."

She hurried down the steps . . .

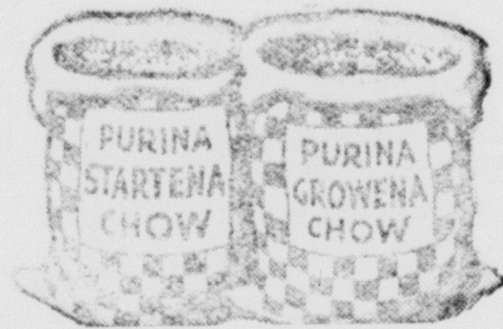

ONE THIMBLEFUL- A DAY'S FEED FOR ONE CHICK!

THINK OF IT! One tiny thimbleful . . . all the feed a chick can put in its little crop in one day. On this tiny bit it must live . . . grow . . . build bones . . . build muscles . . . start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow . . . 12 different ingredients in every thimbleful. Cod-liver oil . . . dried buttermilk . . . alfalfa flour . . . granulated meat . . . these and eight others are there!

These 12 ingredients . . . think how carefully they must be mixed to make every thimbleful alike. Purina Startena and All-Mash Startena Chow are mixed over and over again . . . 950 times just to be thorough! You will find the same care taken with Baby Chick Chow (scratch) . . . to be fed with Startena until your chicks are six weeks old . . . and with Purina Growena (mash) and Purina Intermediate Hen Chow (scratch) . . . to be fed from then on until the pullets are laying at 16 weeks.

How little feed a chick eats . . . just one thimbleful a day . . . yet how important it is . . . how much depends on it . . . the chick's very life . . . its growth . . . what the pullets will do for you next fall and winter when eggs are sure to be worth good money. You can afford to feed only the best . . . Purina Poultry Chows.

FOXWORTH-GALBRAITH LUMBER CO.

For the GRADUATE

Keep that "Rainbow 'Round Your Shoulder," Class of 1930! Go right on "Looking at the World Through Rose-Colored Glasses."

Don't pay any attention to cold water throwers who talk about the "stern realities of life." Of course you will experience plenty of knocks and jolts. So did Hannibal, crossing the Alps. So did Columbus, keeping his little crew headed westward. But they accomplished their purpose.

Anything you really decide to do you can do. Attempt the impossible. Col. Lindbergh did—and blazed a trail that will change the history of the world. There are plenty of big things left to be done. Don't think every thing worth while has been accomplished before you arrived on the scene.

There are just as many important scientific discoveries to be made. Just as many mechanical inventions to be worked out. Just as many daring exploits to be attempted. Just as many fortunes to be achieved as ever before in the history of the world. More, in fact. Get busy. Keep busy. And you are sure to conquer, Class of 1930.

Feet Hurt?
Come-Get Relief!

Dr. Scholl's Foot Expert Will Be Here

Demonstration all day Saturday, May 28

To aid those who are in misery from their feet, an Expert of the staff of Dr. Wm. M. Scholl, internationally famous Foot Authority, will be at our store on the above date. He will give your feet a thorough scientific analysis, develop prints of them which reveal the exact nature of your ailment, and show you what to do to get quick and permanent relief. All this without cost or obligation to you!

Any Dr. Scholl Foot Relief you are recommended to buy is guaranteed to give you relief. Don't miss this opportunity!

THE PEOPLES STORE

**W. T. Graduates
Seek Learning in
Other Places**

A college education is not just a larke for those who graduate from the West Texas State Teachers college, and the young men and women who have received their sheep skins from this college do not consider themselves at the end of their preparation, according to a study just made by Miss Edna Graham, of the mathematics department of the college.

In 1919, three persons received their bachelors' degrees from this college, and the size of the class has steadily increased until last year saw 120 graduates.

Of the 499 who have been graduated in the 10-year period, 23 have returned to the Canyon college for further work. Among these are Fremont Mead of Perryton, and Arlin Turner of Canyon, both of whom are now members of the faculty of the University of Texas.

Grads Do Work in Many Universities
One hundred fourteen, or 22.8 per cent, have felt the need of further study and have chosen universities as wide apart as the University of California and Columbia university of New York, in which to study. Fred Oberst, who began his career in the first grade of the training school of the local college, chose the University of Iowa in which to do his graduate work; he is now a member of the faculty there, and will receive his Ph.D. this summer. The University of Texas, Johns Hopkins, Carnegie Tech, University of Chicago, Colorado State University, Oklahoma University, Cornell, Oregon, Michigan, Northwestern, Peabody College, Harvard, Syracuse, and Leland Stanford have all received students from Canyon into their graduate schools.

It Pays to "Grind"

That it pays to be ambitious in the matter of education is evidenced by the record of J. J. Powell of Canyon, who is not only a Ph.D. from Columbia university, New York, but who has published an algebra text book which, the critics say, will furnish him a nice income for years to come.

L. W. Blau chose work in the physical sciences, became an assistant in the University of Texas, and is now an officer in the research department of one of the branches of the Standard Oil company.

Fern Bowman majored in home economics, went to an eastern university for further study, and is now on the faculty of Syracuse university, as is also John Randolph of Ochiltree.

Ernest Atkins of Canyon studied at Carnegie Tech and Johns Hopkins. He now holds an important position in the revenue budgeting department of the New York Telephone company.

The field of speech interested Winnie Mae Crawford of the class of 1925. She continued her study and now is a member of the faculty of Texas College for Women at Denton.

Altogether, four of the graduates from this college have received their Doctor's degrees and several others are rapidly approaching this end. One has become a physician, one a lawyer, two have special degrees in journalism, 43 have earned their Master's degrees and 12 more will complete the work for this degree the current year. Fourteen have important administrative positions in schools in Texas, and 27 have positions on college faculties throughout the United States.

One member, J. Evetts Haley, has chosen the field of Southwestern history for his research, and at 28 has published one book, many articles, and is working upon another book.

Twelve of those who have continued their study after their college graduation have returned to Canyon as members of the faculty of their Alma Mater. Their acquaintance with the region from which students come, and their loyalty to the best traditions of the college have made them very valuable here. These teach in the demonstration school, the departments of music, Spanish, English, Latin, commerce, history, and art.

**Ill 12 Years
Konjola Wins
Real Victory**

Stubborn Case Soon Yields to Power of New Medicine—Grateful Lady Eager to Tell Others

MRS. LILLIAN LORANE

"I suffered for twelve years from kidney trouble and nervousness," said Mrs. Lillian Lorane, Mableville, Ark., near Little Rock. "My kidneys were in a very bad state and I was forced to rise many times each night. This naturally made sleep difficult. My nerves were in a very bad condition and this seemed to affect my eyesight. I could scarcely go about my work and I was worried and discouraged. I seemed to have no energy for anything."

"I tried a great many medicines and treatments but nothing seemed to do me the least bit of good. I finally decided to give Konjola a trial and the benefit which I received from this medicine is almost unbelievable. Konjola built up my health until I am in better condition than I have been in years. My kidneys are normal and I can sleep without interruption. My entire system seemed to respond to this modern medicine and my friends all remark about the improvement in my appearance."

Konjola has become the most talked of medicine in America because it makes good. Taken after meals over a period of from six to eight weeks, this great medicine has made a remarkable record in the most stubborn cases.

Konjola is sold in Canyon, Texas, at Jarrett's Drug Co., and by all the best druggists in all towns throughout this entire section.

INTERNATIONAL MISUNDERSTANDINGS

American motion pictures go into every corner of the world. It is increasingly difficult for picture producers to make films which will not give offense somewhere. National pride is hurt when the people of any race or country are depicted in characters which are offensive. The British public protested against "Broken Blossoms," in which English people were shown in a derogatory light. "Street Angel" has been held by Mussolini's government to be offensive to Italians. The French think they were insulted in "Beau Geste." Russians say that "Volga Boatman" misrepresented the Russian people. There were riots in China over "The Thief of Bagdad," and "Welcome Danger," in which the villains were Chinese.

It seems to be true that the only people who can be portrayed on the screen in vicious or criminal characters are Americans, if the movies are to escape censure somewhere or other. But in that case, what of the impression of America and Americans which they convey to the people of other countries?

ple of other countries?

Recently aa film was shown in France in which a marine in Nicaragua is made to say that he and his comrades are there to protect the interests of big business. Numerous protests against this film were made to the authorities at Washington, who replied that they were powerless to stop its presentation. Doubtless it will be shown everywhere, including Latin America, where the people just now have especially tender ears and look upon almost anything the United States does as an effort to tread on them.

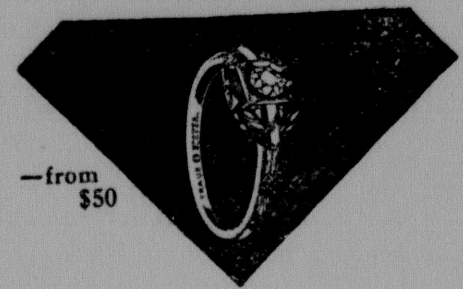

No intelligent American believes that we have any imperialistic intentions toward South America, but our neighbors down there do believe that we have, and anything, however trivial, which tends to foster that belief, is a stupid blunder, if nothing worse.

If people everywhere were governed by reason and thought logically they would understand that the picture screen presents fiction, not fact. But the vast majority of screen audiences, including our own, do not reason. They are governed by their emotions and beliefs, and they believe that what they see at the movies, if not literally true, is at least a true representation of the life and classes of people which it portrays.

And that is, after all, the most serious charge against the motion pictures. Its capacity for impairing the morals of the young is trivial compared with its capacity for implanting beliefs about life and people which are seldom more than half true, and frequently totally false.

He who hesitates should be equipped with a good stout rear bumper.

POLITICS

Presidential politics always become a topic of conversation in any President's second year. Some people are hinting that Mr. Coolidge would like to run again in 1932. Mr. Coolidge is reported to have said to a friend that there are only two possible candidates for the Presidency next time, Herbert Hoover and "some Democrat." The Republicans have always renominated their Presidents and must do so in Hoover's case, whether they like it or not. So the only point worth discussing is who will be the "some Democrat."

From here it looks certain that it will not be Mr. Smith. It also looks certain that it will not be Governor Ritchie of Maryland. Both are avowed "wets," though there are other reasons given why they will not be serious contenders. Many people are looking carefully at Governor Franklin Roosevelt of New York. Governor Roosevelt is "dry" but has a "wet" party organization back of him. Some suggest Owen D. Young; others think he has too close a connection with power interests. Others are whispering "Keep an eye on Harry Byrd." Byrd is a dry Democrat who has just retired from the Governorship of the dry Commonwealth of Virginia. He is a newspaper man and a brother of Admiral Byrd, the explorer.

REDUCING

We can blame a good deal of the trouble of the wheat growers on the world-wide effort to avoid surplus fat, according to Professor James L. Boyle of Cornell University. Bread consumption in the United States has declined 20 per cent. Professor Boyle says, because women—and men, too—are afraid that eating bread will make them fat.

The taste of the ultimate consumer is the controlling factor in every line of industry. Short skirts injured the textile manufacturers but made fortunes for the silk stocking weavers. Makers of dress goods the world over combined to establish a new fashion with longer skirts, which is beginning to make headway. It will be harder for wheat growers, millers and bakers to convince women that a reasonable amount of fat makes them more attractive.

KINGS

There are a few kings left, but they are mainly figureheads. Mussolini rules Italy; Primo de Rivera, up to a few weeks before his recent death, ruled Spain; Admiral Horthy rules Hungary; King Alexander of Yugoslavia; King Christian of Denmark; King Albert of Belgium; Queen Wilhelmina of Holland and Queen Marie of Roumania hold their thrones only because they do not attempt to run their nations.

The Countess of Warwick, a descendant of King Charles II of England and of Oliver Wendell, who has been an intimate of royalty from girlhood and a power in British politics, predicts that the present king, George V., will be the last king of England, and that the prince of Wales will be the first President of the British Republic under the name of David Windsor. If that proves true, and stranger things have happened, he will have more real power than his father has ever dared to exercise.

FISHING

It takes a fisherman anywhere from two to seven or eight hours to land an 800-pound swordfish after he has once sunk the harpoon in it. The swordfish is one of New England's favorite foods and is found in large numbers off Block Island and in Nantucket Sound. To speed up their capture a method of electrocuting the fish has been devised. The harpoon line carries a wire core connected with a generator on the fishing schooner. Another wire attached to a metal plate is hung overboard and the seawater completes the circuit.

The method is not exactly "sporting" but commercial fishermen are not sportsmen and the more fish they can catch in a given time the greater their profits.

HEATING

Everybody who has tried to heat a house by electricity knows that it is expensive. But also everybody knows that there is a time between midnight and daybreak when electric power plants are practically idle. In those hours the power companies have surplus power to sell for which they can and usually will make a very low rate.

A New Jersey inventor has devised a way of using this cheap current. A large tank of water in the basement is raised to the boiling point. The tank, being thoroughly insulated, retains the heat through the day and the hot water circulating through radiators keeps the house warm until the hour for cheap current again arrives, when the "juice" is automatically switched on.

When the "juice" is automatically switched on.

The Way of Life

"IF A MAN DIES, SHALL HE LIVE AGAIN?"

It is the age-old question, asked at the side of every bier. And what can one say in answer to it? Every one of us is taught in childhood to believe in God and an after life.

"The world just happened," say some men. "It created itself through the operation of natural laws."

But who or what established the natural laws and set them to operating?

When you can dump a load of bricks on a corner lot and let me watch them arrange themselves into a house—when you can empty a handful of springs and screws and wheels on my desk and let me see them gather themselves together into a watch—it will be easier for me to believe that these thousands of worlds could have been created, balanced, and set to moving in their separate orbits, all without any directing intelligence at all.

Moreover, if there is no intelligence in the universe, then the universe has created something greater than itself—for it has created you and me.

Is it easy to believe that a universe without personality could have created us who have personality?

Isn't it easier to believe that our personality is just a little part of the great pervading Personality that has created and now permeates the universe?

And if there is a Personality in the universe—a God—what kind of God is He?

He must be at least as good as you or I. He could not have made us better than Himself. The worse can not create the better.

And if He is a good God, is it reasonable to suppose that He would have planted in human hearts this unquenchable yearning for immortality, and left that yearning unsatisfied?

You and I would not have done so.

Go where you will, from the most savage race to the most cultured, and you will find that same instinctive assurance that death is not the end. Would a good God plant that assurance in His creatures merely to mock them?

Without immortality the world is an answerless riddle. We are born; we struggle up through slow years of development; and just as we have reached our highest point of usefulness—we are cut off.

It is hard for me to believe in a universe that made itself, and that ruthlessly casts away its most precious possession—human personality.

It is easier to believe that behind the universe is a guiding Intelligence of whose personality my own is a tiny spark that shall not go out while He lives.

If I cannot prove that this is so, neither can anyone prove to me that it is not so.

And, until someone can disprove it, I find it easier, more helpful, and more efficient, to believe.

The man who marries in haste and finds any leisure in which to repent is a wonder.—Louisville Times.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product, a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

The Family Doctor

"TWILIGHT SLEEP"

Sounds almost alluring, doesn't it? Gives one a sort of dreamy feeling, just to think of it. Yet, as used in medicine, and in quackery as well, it is one of the most deadening combinations of drugs we have at our disposal at the command.

The originators of the formula known as "H.M.C." claimed at first that a thigh might be amputated without pain under its influence. The attention of the medical world was attracted. That was a good many years ago; and the best surgeons of America are still using the safer method of aether anaesthesia. "Twilight sleep" dropped back to its very limited sphere and stayed there.

Hyoscin, morphin and castin are the ingredients of the compound; the first two are most powerful drugs, and the more so when used in combination; the latter has, if any effect at all, a most negligible one. My experience with "H.M.C." led me to abandon it early in its history as a For instance, a patient of mine, too dangerous to tamper with.

An inebriate, was in delirium tremens—alcoholic mania; he had not slept for four days. Having tried everything else, in despair I gave him a dose of the new "twilight sleep." Well, it worked; within five minutes the man was snoring loudly, and almost blue from cyanosis; he breathed only six times per minute! I stayed at his bedside for 14 hours, until the poison wore away—never more anxious before or since. When he awoke he declared, looking wildly about him, that he had been drugged!

I told him if he hadn't, then there

never had been a man drugged. He immediately ordered his belongings packed and left town, and I didn't blame him. I blamed myself and the new "twilight sleep." Now I only use the stuff in eighth-grain doses, to soften the terrible pains in childbirth—and I haven't used it even that way for 15 years.

The quack, however, uses "twilight sleep" as a slogan, and dopes his dupes in his own sweet way with the deadly thing.

SUCCESS

"You cannot say that any man is successful, so long as he is alive," said the head of one of America's great industries not long ago. He meant that any man might make a blunder which would offset all that had gone before, no matter how successful he had been.

That was drawing it pretty fine, but how many men whom the world regards as successful feel that way about themselves? Find the men who feel that they have succeeded in doing all that they ever hoped or tried to do and you find the unhappiest men alive. They may have succeeded in their business enterprises, but they have not succeeded in living.

Success means different things to different people, and sometimes the man whom the world pities has succeeded in leading a happier life than has the man whom the world envies. A man who overtakes his ideals is not a success in any true sense of the word. Unless our standards grow steadily higher as we approach them, we soon lose the zest of striving to attain them, and in that striving, not in the overtaking, lies happiness, and nowhere else.

It is a common misconception

that the Declaration of Independence declares happiness to be one of the inalienable rights of humankind. The right which the colonists so boldly claimed was the right to pursue happiness. And the man or woman who discovers early in life that the nearest approach to happiness is through a constant endeavor to do the job in hand as well as to do it, comes nearer to success, not only in his or her immediate occupation, but in the broader sense of living a successful life.

Curses on The Literary Digest. Before it started its everlasting straw vote, it was getting so a fellow could have some faint hope of going somewhere or other occasionally, without hearing everybody present express his or her views on Prohibition.—Nashville Banner.

Research statisticians say women have less chance of reaching old age than they had ten years ago. With two beauty parlors in every block, it's hard to see how they'd ever reach old age.—Arkansas Gazette.

"Mr. Coolidge lists the acquisition of California as one of the eight important events in United States history." One of the eight? Why, bless you, Mr. Coolidge, it's the other seven!—Philadelphia Inquirer.

POLITICS

Presidential politics always become a topic of conversation in any President's second year. Some people are hinting that Mr. Coolidge would like to run again in 1932. Mr. Coolidge is reported to have said to a friend that there are only two possible candidates for the Presidency next time, Herbert Hoover and "some Democrat." The Republicans have always renominated their Presidents and must do so in Hoover's case, whether they like it or not. So the only point worth discussing is who will be the "some Democrat."

From here it looks certain that it will not be Mr. Smith. It also looks certain that it will not be Governor Ritchie of Maryland. Both are avowed "wets," though there are other reasons given why they will not be serious contenders. Many people are looking carefully at Governor Franklin Roosevelt of New York. Governor Roosevelt is "dry" but has a "wet" party organization back of him. Some suggest Owen D. Young; others think he has too close a connection with power interests. Others are whispering "Keep an eye on Harry Byrd." Byrd is a dry Democrat who has just retired from the Governorship of the dry Commonwealth of Virginia. He is a newspaper man and a brother of Admiral Byrd, the explorer.

REDUCING

We can blame a good deal of the trouble of the wheat growers on the world-wide effort to avoid surplus fat, according to Professor James L. Boyle of Cornell University. Bread consumption in the United States has declined 20 per cent, Professor Boyle says, because women—and men, too—are afraid that eating bread will make them fat.

The taste of the ultimate consumer is the controlling factor in every line of industry. Short skirts injured the textile manufacturers but made fortunes for the silk stocking weavers. Makers of dress goods the world over combined to establish a new fashion with longer skirts, which is beginning to make headway. It will be harder for wheat growers, millers and bakers to convince women that a reasonable amount of fat makes them more attractive.

KINGS

There are a few kings left, but they are mainly figureheads. Mussolini rules Italy; Primo de Rivera, up to a few weeks before his recent death, ruled Spain; Admiral Horthy rules Hungary; King Christian of Jugo-Slavia, King Christian of Denmark, King Albert of Belgium, Queen Wilhelmina of Holland and Queen Marie of Roumania hold their thrones only because they do not attempt to run their nations.

The Countess of Warwick, a descendant of King Charles II of England and of Oliver Wendell, who has been an intimate of royalty from girlhood and a power in British politics, predicts that the present king, George V., will be the last king of England, and that the prince of Wales will be the first President of the British Republic under the name of David Windsor. If that proves true, and stranger things have happened, he will have more real power than his father has ever dared to exercise.

FISHING

It takes a fisherman anywhere from two to seven or eight hours to land an 800-pound swordfish after he has once sunk the harpoon in it. The swordfish is one of New England's favorite foods and is found in large numbers off Block Island and in Nantucket Sound. To speed up their capture a method of electrocuting the fish has been devised. The harpoon line carries a wire core connected with a generator on the fishing schooner. I know it's a late day in the season to start a campaign for the college kids to be given free rides, but it's just because I never thought of it sooner.

A good campaign slogan might be arranged. You know that no campaign is successful without a slogan.

How's this? "Let the Cute College Kids Ride."

Did you know that folks up in Amarillo are so anxious to let each other ride that you have to walk on the wrong side of the street in order to keep from being pestered to death with folks wanting you to ride with them?

And say, Amarillo was almost as disappointed over their census as I was over ours. But, anyway, we know that we are growing and in 10 years' time the population of this city will increase, anyway; how can it help it?

Well, folks, about the time I get one campaign under way there comes along another that needs my attention badly.

Just about the time we got ready to go to press last week, Mrs. P. L. Britain phoned to this office and made a request that something be said concerning the boys playing in people's yards and ruining their beautiful grass plots.

Mrs. Britain stated that just the night before, two boys had a fight in her yard and ruined the plot of ground that had been planted with grass.

Now boys, and everyone else, I think it is terrible for such a thing to happen. In fact, it should never, never be done.

I don't believe there is a city on the Plains more beautiful right now than Canyon is, with all her beautiful trees in full foliage, grass as green as can be, and the flowers blooming forth and their sweet perfume filling the air. And the citizens of Canyon are not stopping at that. They are planting more and more grass seeds all the time in an effort to add more and more to the permanent beauty of our fair city. And folks, it ain't right for the beautiful yards and lawns to be all torn up by the carelessness and roughness of the boys who don't care what they do.

I know that boys will be boys, but there ain't no use in them being boys at the expense of tearing up lawns and flower beds. It just ain't right.

Believe it or not—I am the Beau Brummel of Canyon.

Saturday being the annual Straw Hat Day of the city I went forth and purchased me a hat of the designated variety and shade, of course, and feeling that I was in style I proceeded to strut down 4th.

Well, I strutted and strutted and about 12 o'clock I met Wallace Clark over at the postoffice and he was the first man that I saw all morning that was in style like myself.

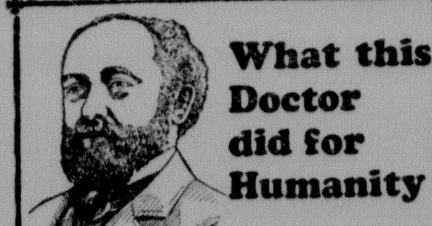

I felt so outdone that I went home and pulled the straw stack off and I ain't had 'er on since.

The other day I happened into the City Pharmacy about the same time as did Lige Frieze and Gordon McCarty and they both opened up in a generous sort of way and they both wanted to buy me a coke at the same time.

The only reason that I could find for such outspoken generosity was that Lige was displaying a new sample straw hat and the minute I commented on it, Gordon began to tell me of the kind he had in his store. Now I believe they were both trying to influence my buying power with drink.

Well, as graduation time is here, congratulations are in order.

I take time just now to offer congratulations and best wishes for happiness to the seniors of the Canyon high school upon the completion of their work and the honors of being graduated from such a fine institution.

As a young man the late Dr. R. V. Pierce, practiced medicine in Pennsylvania and was known far and near for his great success in alleviating disease. Finally he moved to Buffalo, N. Y., and put up in ready-to-use form, his GOLDEN MEDICAL DISCOVERY, the well-known tonic for the blood. This strength builder is made from a formula which Dr. Pierce found most effective when in private practice.

It aids digestion, acts as a tonic and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. All druggists. Tablets or liquid.

stitution. May the best fate holds in store be yours.

My, but don't it give you a thrill to be shaved by a "registered" barber?

Ashby Appears In Violin Recital

Meredith Ashby, sophomore music major, was presented in violin recital at 4:30 o'clock Friday afternoon, May 9, in the auditorium of the education building. He was assisted by Miss Frances Usery.

Mr. Ashby's program consisted of two groups with the assisting group of two piano numbers. The first group consisted of the Allegro and Andante movements from Vioti's "Concerto in G Major," and the second group was composed of Kreisler arrangements of the five following pieces: Mendelssohn's "Lied Ohne Worte," White's "Chant," or "Nobody Knows de Trouble I Sees," "Tambourine," by Rameau, the "Largo" from Dvorak's "New World Symphony," and Bizet's "Adagio."

"Open Thy Blue Eyes," by Massenet-Rogers and "Juba" by Nathaniel Dett were the two numbers played by Miss Usery.

Inspector—Got away, did he. Did you guard all the exits?

Country Constable—Yes, but we think he must have left by one of the entrances.—Co-operative News.

BURTON STARTS BASKETBALL SPRING WORK

NINE MEN REPORT FOR WORK; FOUR REGULARS FROM LAST YEAR'S TEAM ARE GONE; CREW DRILLS IN PASSING.

Spring basketball is underway at West Texas State Teachers College. With four regulars lost from last year's team, Coach Burton finds himself confronted with the tremendous task of putting a winning team in the field, with but one regular and his reserves from last season. He cannot use freshmen next year.

Anyway, he is spending the practice periods in fundamentals, drilling on pivots, passes, etc. Very little time is being spent on shooting, and none whatever on dribbling. It seems that next year's basketballers will be a passing crew for excellence.

The men reporting are "Preach" Fuller, capt. elect, Bob Clark of Turkey, Comer and McLendon of Clovis, Hyman from Olton, Monroe and Brown from Canyon, Fitzgerald from Borger, and Troutman from Dumas. All of the last year's squad except the four regulars are out, and then there are a few new men that look like contenders. Practice will continue for two more weeks.

Aileen Swafford Wins Honors at Texas University

The Daily Texan of May 1, 1930, names Aileen Swafford, who is at present student assistant in education at the University of Texas, as one of 17 students recently elected to membership in Phi Beta Kappa.

Miss Swafford graduated from W. T. demonstration high school as valedictorian of her class, in 1927. While in high school, she did outstanding work in Latin and English, and was a leader in student activities, being president of the Latin club and an active member of the High School Honor society and the Girl Reserves.

Miss Swafford is also a member of Pi Lambda Theta, national honor society for women students of education.

W. T. College Golf Course Will Soon Be Ready for Use

It won't be long until the students of the West Texas State Teachers College can play golf on their own court, if R. A. Terrill, as head boss, and the Red Men keep up their good work. Chief Wallace O'Keefe says that every Red Man has to put in at least one hour's

work each day. They will make a total of 25 hours of labor every day and much can be accomplished.

So far, the route of playing is already laid off, the 100 yard markers are down around the course, practically all the greens are marked off, and several tees are made. The ground will be ready for use before the regular term ends.

Cousins Baseball Nine Defeats Team of Perryton H. S.

The Cousins slugged their way into victory over the fast baseball nine of Perryton high school by a score of 19-7 last week.

The game was a one-sided affair, the Cousins taking the lead in the first inning and keeping the lead all through the game. In the last of the seventh inning the score was 19-4; the Perryton nine staged a "rally" and chalked up three runs.

The game was witnessed by rather a large crowd. President Hill and Coach Reeds were among the spectators.

The members of the Cousins nine stayed at private homes.

Among the causes of flat feet in children the experts include music weaknesses, improper shoes, and congenital malformations.—Reading (Pa.) Times.

A Pioneer of Small Combines

Backed by 99 Years' Experience

WHEN you invest in a harvester-thresher you expect to use it for many years. You want to harvest a variety of crops—you will have to harvest them under a variety of conditions and seasons. A combine must be able to do these things. If it does not it fails as an investment.

International Harvester is a pioneer in building the small combine. For 16 years it has been manufacturing and perfecting harvester-threshers. Refinements and improvements have been made from time to time only after thorough field tests.

But here is the point of significance: the sound, accepted principles of harvesting and threshing mechanism remain—as the best methods yet devised for harvesting a variety of crops, threshing cleanly, and saving the grain or seeds.

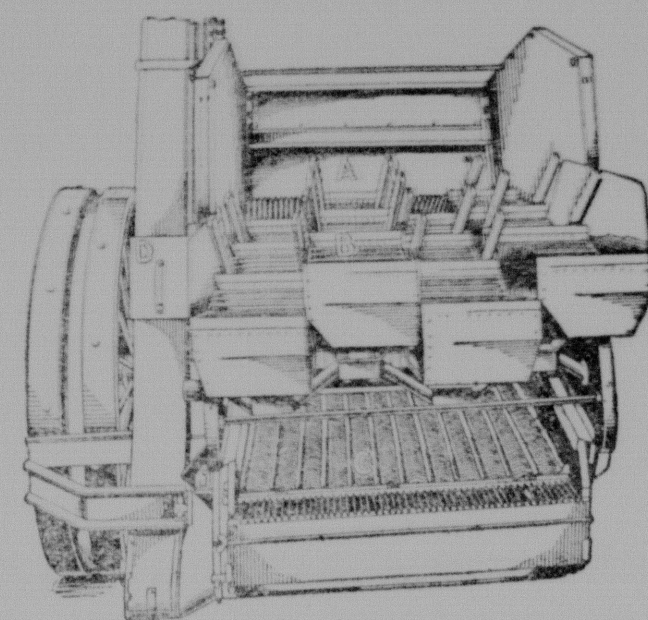

McCormick and Deering names represent pioneers in the building of harvesting machines—and the McCormick-Deering is the only harvester-thresher that can trace its ancestry back to the Original Reaper. It is the only combine that has 99 years of harvesting-machine experience back of it.

It makes use only of proved harvesting and threshing machine features. It is built upon principles that have stood the test of harvesting and threshing for years.

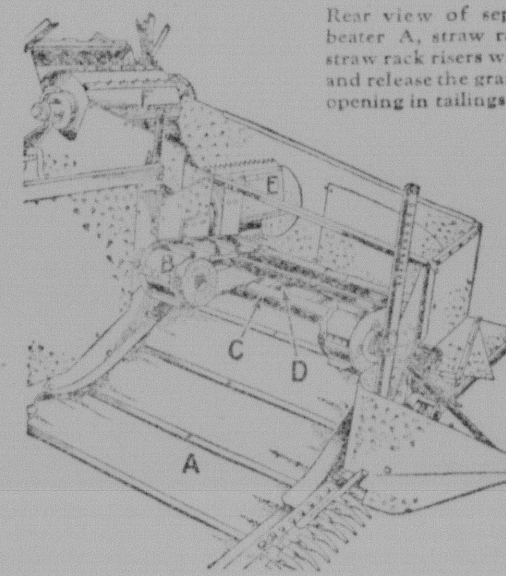

Play Safe...

Select a McCormick-Deering

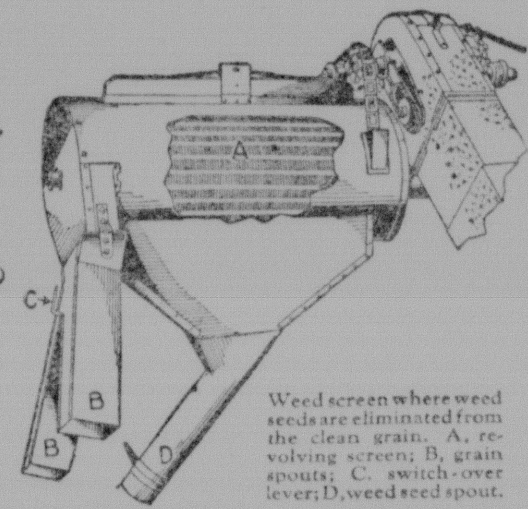

When you plan the purchase of a combine consider these things. Examine the McCormick-Deering—see how it meets every harvesting condition and how it cleans and saves the grain.

Rear view of separator showing cylinder, straw rack, B; note steel pins in straw rack risers which comb the straw apart and release the grain. C is the shoe, and D, opening in tailings elevator.

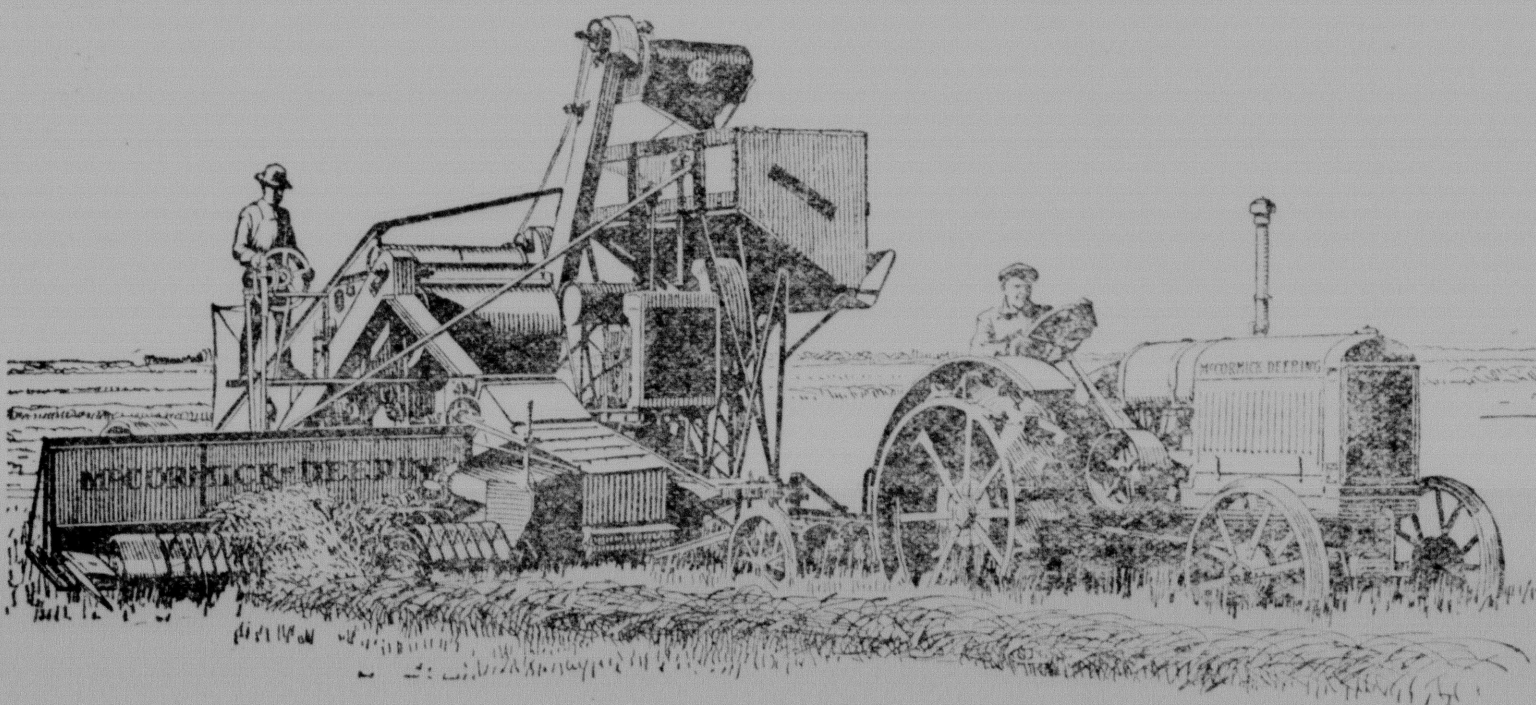

Elevator and feeder. A, platform and lower elevator canvas. B, upper elevator canvas cut away to show extra roller C, and carrier D. E, saw-toothed beater; F, spiked beater, which helps to carry grain to cylinder.

Weed screen where weed seeds are eliminated from the clean grain. A, revolving screen; B, grain apertures; C, switch-over lever; D, weed seed spout.

THOMPSON HARDWARE CO.

Canyon, Texas

McCormick-Deering No. 11 Harvester-Thresher with 6½-foot pick-up device, handling the grain from a 16-foot swath cut by windrow-harvester

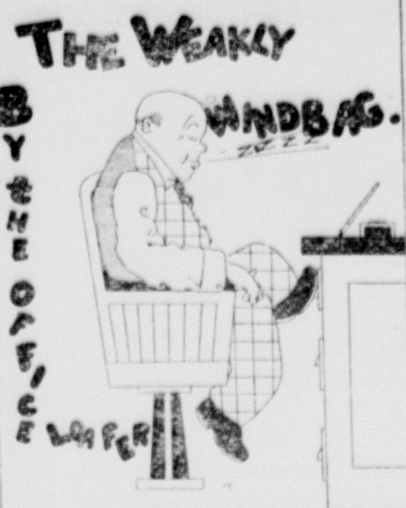

12 Important McCormick-Deering Points

- 1 Adjustable to cut low. Gets lodged and tangled grain.
- 2 Continuation of grain-tight platform. Canvas forms lower elevator canvas. No grain lost at end of platform. Large capacity, wide elevator carries all grain to feeder.
- 3 Chain and slat feeder carries grain, heads first, into the cylinder. Direct front feed.
- 4 Spiked beater in feeder assures positive feeding and controls delivery of grain to cylinder.
- 5 Ninety per cent separation at cylinder. Straw and grain thus separated never mix again.
- 6 Four-section straw rack. Extends entire length of thresher from cylinder to straw spreader. Combs straw apart, drops it three times, thoroughly shakes out all the grain.
- 7 Extra long chaffer and cleaning sieve thoroughly cleans grain.
- 8 Revolving weed screen takes weed seeds out of threshed grain and bags them. Saves dockage and reduces spread of weeds.
- 9 Platform folds for transportation —does not have to be detached. No transport truck to buy.
- 10 A pioneer of small combines —backed by 99 years of practical harvesting-machine experience and by field tests under difficult conditions in the harvest fields of the world.
- 11 Expert service on the entire machine by permanent dealers and Company-owned branches.
- 12 Handles a variety of crops under a variety of conditions and seasons.

No. 20—8 ft. cut . . . No. 8—10 and 12 ft. cut . . . No. 11—12 and 16 ft. cut

I know it's a late day in the season to start a campaign for the college kids to be given free rides, but it's just because I never thought of it sooner.

A good campaign slogan might be arranged. You know that no campaign is successful without a slogan. How's this? "Let the Cute College Kids Ride."

Did you know that folks up in Amarillo are so anxious to let each other ride that you have to walk on the wrong side of the street in order to keep from being pestered to death with folks wanting you to ride with them?

And say, Amarillo was almost as disappointed over their census as I was over ours. But, anyway, we know that we are growing and in 10 years' time the population of this city will increase, anyway; how can it help it?

Well, folks, about the time I get one campaign under way there comes along another that needs my attention badly.

Just about the time we got ready to go to press last week, Mrs. P. L. Britain phoned to this office and made a request that something be said concerning the boys playing in people's yards and ruining their beautiful grass plots.

Mrs. Britain stated that just the night before, two boys had a fight in her yard and ruined the plot of ground that had been planted with grass.

Now boys, and everyone else, I think it is terrible for such a thing to happen. In fact, it should never, never be done.

I don't believe there is a city on the Plains more beautiful right now than Canyon is, with all her beautiful trees in full foliage, grass as green as can be, and the flowers blooming forth and their sweet perfume filling the air. And the citizens of Canyon are not stopping at that. They are planting more and more grass seeds all the time in an effort to add more and more to the permanent beauty of our fair city. And folks, it ain't right for the beautiful yards and lawns to be all torn up by the carelessness and roughness of the boys who don't care what they do.

I know that boys will be boys, but there ain't no use in them being boys at the expense of tearing up lawns and flower beds. It just ain't right.

Believe it or not—I am the Beau Brummel of Canyon.

Saturday being the annual Straw Hat Day of the city I went forth and purchased me a hat of the designated variety and shade, of course, and feeling that I was in style I proceeded to strut down 4th.

Well, I strutted and strutted and about 12 o'clock I met Wallace Clark over at the postoffice and he was the first man that I saw all morning that was in style like myself.

I felt so outdone that I went home and pulled the straw stack off and I ain't had 'er on since.

The other day I happened into the City Pharmacy about the same time as did Lige Frieze and Gordon McCarty and they both opened up in a generous sort of way and they both wanted to buy me a coke at the same time.

The only reason that I could find for such outspoken generosity was that Lige was displaying a new sample straw hat and the minute I commented on it, Gordon began to tell me of the kind he had in his store. Now I believe they were both trying to influence my buying power with drink.

Well, as graduation time is here, congratulations are in order.

I take time just now to offer congratulations and best wishes for happiness to the seniors of the Canyon high school upon the completion of their work and the honors of being graduated from such a fine institution. May the best fate holds in store be yours.

My, but don't it give you a thrill to be shaved by a "registered" barber?

Ashby Appears In Violin Recital

Meredith Ashby, sophomore music major, was presented in violin recital at 4:30 o'clock Friday afternoon, May 9, in the auditorium of the education building. He was assisted by Miss Frances Usery.

Mr. Ashby's program consisted of two groups with the assisting group of two piano numbers. The first group consisted of the Allegro and Andante movements from Viotti's "Concerto in G Major," and the second group was composed of Kreisler arrangements of the five following pieces: Mendelssohn's "Lied Ohne Worte," White's "Chant," or "Nobody Knows de Trouble I Sees," "Tambourine," by Rameau, the "Largo" from Dvorak's "New World Symphony," and Bizet's "Adagio."

"Open Thy Blue Eyes," by Massenet-Rogers and "Juba" by Nathaniel Dett were the two numbers played by Miss Usery.

Inspector—Got away, did he. Did you guard all the exits?

Country Constable—Yes, but we think he must have left by one of the entrances.—Co-operative News.

BURTON STARTS BASKETBALL SPRING WORK

NINE MEN REPORT FOR WORK: FOUR REGULARS FROM LAST YEAR'S TEAM ARE GONE: CREW DRILLS IN PASSING.

Spring basketball is underway at West Texas State Teachers College. With four regulars lost from last year's team, Coach Burton finds himself confronted with the tremendous task of putting a winning team in the field, with but one regular and his reserves from last season. He cannot use freshmen next year.

Anyway, he is spending the practice periods in fundamentals, drilling on pivots, passes, etc. Very little time is being spent on shooting, and none whatever on dribbling. It seems that next year's basketballers will be a passing crew for excellence.

The men reporting are "Preach" Fuller, capt. elect, Bob Clark of Turkey, Comer and McLendon of Clovis, Hyman from Olton, Monroe and Brown from Canyon, Fitzgerald from Borger, and Troutman from Dumas. All of the last year's squad except the four regulars are out, and then there are a few new men that look like contenders. Practice will continue for two more weeks.

Aileen Swafford Wins Honors at Texas University

The Daily Texan of May 1, 1930, names Aileen Swafford, who is at present student assistant in education at the University of Texas, as one of 17 students recently elected to membership in Phi Beta Kappa.

What this Doctor did for Humanity

As a young man the late Dr. R. V. Pierce, practiced medicine in Pennsylvania and was known far and near for his great success in alleviating disease. Finally he moved to Buffalo, N. Y., and put up in ready-to-use form, his GOLDEN MEDICAL DISCOVERY, the well-known tonic for the blood. This strength builder is made from a formula which Dr. Pierce found most effective when in private practice. It aids digestion, acts as a tonic and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. All druggists. Tablets or liquid.

Moon Pageant to Be Presented at College, May 23

A program which promises to be both interesting and unique will be presented at the West Texas State Teachers college, May 23, by the department of physical education for women. "What the Moon Sees" is the name of the pageant, which will be romantic rather than realistic, according to its directors. Miss Ruth Cross and Miss Rubie Barksdale, professors of physical education for women in the Canyon college.

The theme of the pageant is the trip of Lady Moon, who will be portrayed by Eva Todd of Crowell, and the dances and costumes native to the countries over which she passes will be presented by solo and group dances by college and training school students.

William Dawes of Big Spring, baritone, who has the only male part in the pageant, will sing several solos, among them "Song to Lady Moon," and "Break Away." He will also have two duet songs and dance numbers, "Beverly Waltz," with Beth Pitts, and "The Hurdy Gurdy Man," with Lela Loudder, both of Canyon.

A solo dance, a chorus, or a group dance will represent each of the countries portrayed. The soloists include Maurine Wallingford, Russian; Hanna McCormick, Italian; Doris

Lynn Loudder, East Indian; Charlsie Mae Harding, Japanese; Frances Burk, Oriental, and Janet Holmes, Egyptian. Other groups who will be represented are the Eskimos, Irish, British, Scotch, Swiss, French, Spanish, Dutch, Gypsies, Greek, and Hawaiians.

The last episode will be in America. A large gang-plank will be used in the first number, "Down the Gang-Plank." A chorus and dance, "Sidewalks of New York," followed by "Oh Baby," and "Talking Picture," will bring the pageant to the last number, a song to Lady Moon.

GRACE BABY DIES

Bobby June Grace, 3 months old baby girl of Mr. and Mrs. F. C. Grace, died Tuesday night. Surviving besides the parents, are two sisters and one brother.

Funeral services were held Wednesday afternoon with burial at the Dreamland cemetery under the direction of the Griggs-Thompson Funeral Home.

TWO CASES IN J. P. COURT

John Cleavenger of Pampa was fined \$1.00 and costs in the Justice Courts this week for dumping a boiler from a truck on the highway between Canyon and Happy, and doing damage to the highway. T. C. Wofford of Plainview was fined a like amount for speeding on the highway between Canyon and Amarillo.

If fortune is unkind to you it is your own fault. You have not tried to make her acquaintance.

Dr. Grant McColley Honored By College Seniors Tuesday

Dr. Grant McColley was honored by the members of the senior class of the college Tuesday morning when he was presented a handsome maroon and white sweater, given him in appreciation of his help as their sponsor during the year.

In acknowledging the gift, Dr. McColley voiced his pleasure in the frankness and good fellowship which has characterized his relations with the class.

JUDGE TURNER DISPLAYS VARIETY OF PROLIFIC GREEN RIVER SAPI PLUMS

Judge J. W. Turner of Umbarger brought to the News office a branch from a plum tree showing a very prolific bearing variety of plums. The branch, about 2½ feet long, had almost as many plums as it had leaves. It was of the Green River Sapi variety of which Judge Turner stated that he had 10 full grown trees and about forty younger trees. The Green River Sapi, he stated, is an everbearing, frost proof plum. His greatest trouble is to keep the trees from being overloaded with fruit to the extent the trees are damaged.

PHILLIPS AND MOORE ENTERTAIN AGGIE STUDENTS

Mr. and Mrs. Frank R. Phillips, and Mr. and Mrs. T. M. Moore delightfully entertained the juniors and seniors of the agriculture class and their girl friends with a "42" and bridge party at the Phillips' home last Friday evening.

The reception rooms were very attractive in a red and white color scheme in which cut flowers predominated.

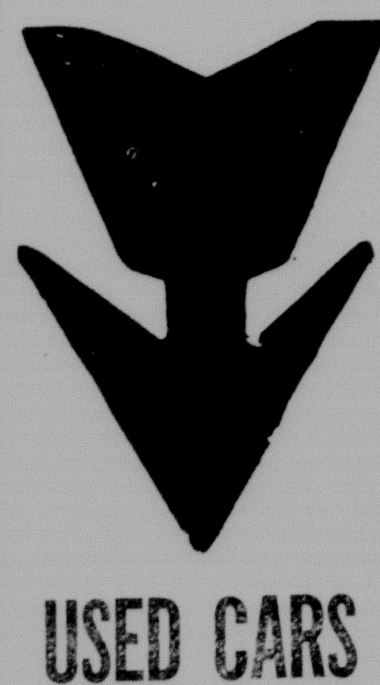

An ice course was served to the guests at the close of the games.

Moon Pageant to Be Presented at College, May 23

A program which promises to be both interesting and unique will be presented at the West Texas State Teachers college, May 23, by the department of physical education for women. "What the Moon Sees" is the name of the pageant, which will be romantic rather than realistic, according to its directors, Miss Ruth Cross and Miss Rubie Barksdale, professors of physical education for women in the Canyon college.

The theme of the pageant is the trip of Lady Moon, who will be portrayed by Eva Todd of Crowell, and the dances and costumes native to the countries over which she passes will be presented by solo and group dances by college and training school students.

William Dawes of Big Spring, baritone, who has the only male part in the pageant, will sing several solos, among them "Song to Lady Moon," and "Break Away." He will also have two duet song and dance numbers, "Beverly Waltz," with Beth Pitts, and "The Hurdy Gurdy Man," with Lela Louder, both of Canyon.

A solo dance, a chorus, or a group dance will represent each of the countries portrayed. The soloists include Maurine Wallingford, Russian; Hanna McCormick, Italian; Doris

Lynn Louder, East Indian; Charles Mae Harding, Japanese; Frances Burk, Oriental, and Janet Holmes, Egyptian. Other groups who will be represented are the Eskimos, Irish, British, Scotch, Swiss, French, Spanish, Dutch, Gypsies, Greek, and Hawaiians.

The last episode will be in America. A large gang-plank will be used in the first number, "Down the Gang-Plank." A chorus and dance, "Sidewalks of New York," followed by "On Baby," and "Talking Picture," will bring the pageant to the last number, a song to Lady Moon.

GRACE BABY DIES

Bobby June Grace, 3 months old baby girl of Mr. and Mrs. F. C. Grace, died Tuesday night. Surviving besides the parents, are two sisters and one brother.

Funeral services were held Wednesday afternoon with burial at the Dreamland cemetery under the direction of the Griggs-Thompson Funeral Home.

TWO CASES IN J. P. COURT

John Cleavenger of Pampa was fined \$1.00 and costs in the Justice Courts this week for dumping a boiler from a truck on the highway between Canyon and Happy, and doing damage to the highway. T. C. Wofford of Plainview was fined a like amount for speeding on the highway between Canyon and Amarillo.

If fortune is unkind to you it is your own fault. You have not tried to make her acquaintance.

Dr. Grant McColley Honored By College Seniors Tuesday

Dr. Grant McColley was honored by the members of the senior class of the college Tuesday morning when he was presented a handsome maroon and white sweater, given him in appreciation of his help as their sponsor during the year.

In acknowledging the gift, Dr. McColley voiced his pleasure in the frankness and good fellowship which has characterized his relations with the class.

JUDGE TURNER DISPLAYS VARIETY OF PROLIFIC GREEN RIVER SAPI PLUMS

Judge J. W. Turner of Umbarger brought to the News office a branch from a plum tree showing a very prolific bearing variety of plums. The branch, about 2½ feet long, had almost as many plums as it had leaves. It was of the Green River Sapi variety of which Judge Turner stated that he had 10 full grown trees and about forty younger trees. The Green River Sapi, he stated, is an everbearing, frost proof plum. His greatest trouble is to keep the trees from being overloaded with fruit to the extent the trees are damaged.

PHILLIPS AND MOORE ENTERTAIN AGGIE STUDENTS

Mr. and Mrs. Frank R. Phillips, and Mr. and Mrs. T. M. Moore delightfully entertained the juniors and seniors of the agriculture class and their girl friends with a "42" and bridge party at the Phillips' home last Friday evening.

The reception rooms were very attractive in a red and white color scheme in which cut flowers predominated.

An ice course was served to the guests at the close of the games.

COMMISSIONERS COURT IN NORTH PART OF COUNTY

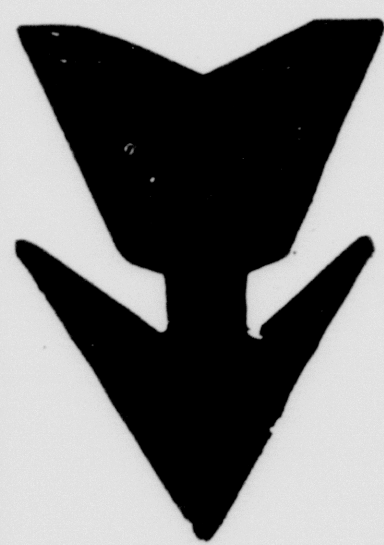

The commissioners court went to the north part of the county yesterday to see the new tractor recently purchased by the county, in operation on some road work.

CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices. All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.

BIBLE CLASS
The Methodist Men's Bible class (W. L. Vaughn, teacher) invites your presence next Sunday at 10 o'clock. 3t8

BEFORE making repairs to your roof it would likely pay you to STOP, LOOK AND LISTEN to someone who knows about roofs and who is interested more than just the commission to be made on the sale. The Burrow Lumber Co. has the Extra Clear Cedar shingles and the Edge Grain Cedar shingles, either of which withstood the hail in Amarillo a few years ago better than any other roofing, and the price is much less. 7t2

BUTTER CARTONS, and butter paper, as well as egg cartons, at Warwick's. 1t

BIDS WANTED
I will accept bids on the old First Christian Church parsonage on or before Saturday, May 17th. Bids will be for the building as it now stands at 906 5th avenue, and any one interested can see me or leave bid at Foxworth-Galbraith Lumber Company. 7t2

NOTICE
Marshall and Wright's registered Percheron stallion No. 153133 is making the season 7 miles southeast of Canyon at the Rhodes farm. 1p

FARMERS AND POULTRY RAISERS—Self-Locking Egg Cartons are on sale at the News office. The best and most economical cartons on the market. 1t
